ABOUT THIS IDPS GUIDE

This Investor Directed Portfolio Service Guide ('IDPS Guide') dated 30 September 2022 for Rhythm Investment is issued by IOOF Investment Services Ltd ('IISL', the 'Operator', 'we', 'us' or 'our') (ABN 80 007 350 405, AFSL 230703).

The IDPS Guide gives you information about Rhythm Investment ('the Service', 'Rhythm Investment', 'the product', 'this product') operated by IOOF Investment Services Ltd and is designed to help you decide whether to use our services.

IISL is the operator of the Service. IISL has appointed HUB24 Custodial Services Ltd (HUB24 or Administrator), ABN 94 073 633 664, AFSL 239 122 as the custodian of the Service. Please refer to the 'Custody and how your assets are held on trust' section for further information.

IISL has also appointed HUB24 as the administrator of the Service, however we remain responsible for the acts and omissions of HUB24 as if they were our own.

The IDPS Guide has been prepared and issued by IISL. The Operator, IISL, is a part of the Insignia Financial Group, comprising Insignia Financial Ltd ABN 49 100 103 722 and its related bodies corporate (the 'Insignia Financial Group'). Investments into the Service and any underlying investments made via the Service do not represent assets or liabilities of IISL or any other company or business within the Insignia Financial Group. Managed Portfolio Services Limited ABN 77 009 549 697, a managed discretionary account operator, is also a related party of IISL and part of the Insignia Financial Group.

IMPORTANT INFORMATION

The IDPS Guide describes the main features, benefits, costs and risks of investing through the Service. It is made up of the following two documents:

- IDPS Guide (Part I) – Information on key Service features
- IDPS Guide (Part II) – Information on fees and other costs

(collectively referred to as 'this IDPS Guide').

OTHER IMPORTANT DOCUMENTS

- IDPS Contract (which will accompany or be available with Part I of the IDPS Guide), and
- Investment Booklet.

It is important you read and understand all parts of this IDPS Guide in conjunction with the other important documents and the IOOF Financial Services Guide so you can understand how the Service works. These documents are available by contacting your adviser or the Operator or through the product website.

The information contained in this IDPS Guide is general information only and does not take into account your individual objectives, financial situation, needs or circumstances.

Before acting on this information, you should consider its appropriateness, having regard to your personal objectives, financial situation, needs and circumstances. Before you make any decision about whether to acquire or continue to hold the product or an investment available in the product, you should consider the IDPS Guide and it is recommended you obtain professional financial advice tailored to your personal circumstances, from your financial adviser.

The Operator is not authorised to provide personal financial product advice and you must consult a financial adviser before investing through the Service. It is also a requirement that your financial adviser performs the role of adviser as described in this IDPS Guide.

The suitability of the Service and of a particular investment within it, depends on your individual objectives, financial situation and needs. You should discuss these in detail with your adviser before investing through the Service. We will only accept investors through a financial adviser, except in the case of certain wholesale clients (as defined by the *Corporations Act 2001 (Cth)* (the 'Corporations Act')) and as accepted by us in our absolute discretion.

This IDPS Guide does not constitute an offer to sell or a solicitation of an offer to buy interests or securities in any jurisdiction. The Service is only available to Australian tax residents who receive this IDPS Guide in Australia, whether in paper or electronic form, unless otherwise approved by us. Certain elements of the Service may not be currently available to approved non-resident investors. Investors who receive this IDPS Guide in electronic form are entitled to obtain a paper copy of this IDPS Guide (as well as the Investment Booklet, IDPS Contract and the Application Form) by contacting us. We reserve the right to not accept an application to become an investor of the Service at our discretion.

The distribution of this IDPS Guide in jurisdictions outside Australia may be restricted by law and persons in possession of this IDPS Guide should be aware and observe any such restrictions. Failure to comply with those restrictions may violate those laws.

We reserve the right to close an account and will notify the account holder prior to doing so in circumstances including, but not limited to, your account being held in breach of prohibitions contained in this IDPS Guide or the IDPS Contract, or where your account might be in violation (including by the Operator or its related bodies corporate) of an applicable law or regulatory requirement.

We reserve the right to change the regulatory structure of the Service from time to time, including by registering it as a managed investment scheme. We will give you prior notice of any such change.

TARGET MARKET DETERMINATION

A target market determination ('TMD') has been issued by us which considers the design of this product, including its key attributes, and describes the class of consumers that comprises the target market for this product. A copy of the TMD for this product can be obtained from your financial adviser or is available on our website at ioof.com.au/forms.

CHANGES TO THIS IDPS GUIDE

Information in this IDPS Guide may change from time to time. If a change occurs that is not materially adverse to investors, we may update this IDPS Guide by publishing the updated information on the product website ioof.com.au/forms. Otherwise, we will issue a supplementary or revised IDPS Guide. You can obtain updated information or any supplementary or revised IDPS Guide or part of this IDPS Guide, by asking your adviser or visiting the product website ioof.com.au/forms. You should regularly check the product website to ensure that you have the most up to date information. You may request a printed or electronic copy of any updated information by requesting this from your adviser or by contacting the Operator.

CGT parcel allocation methods	<p>Choose from three different capital gains tax (CGT) parcel allocation methods, according to your preference. These include a minimise gain, maximise gain or 'first in first out' approach.</p> <p>Refer to Section 9: Tax, under 'CGT parcel allocation'.</p>
Fees	Refer to Part II of the IDPS Guide for information about fees and other costs.
Consolidated reporting	<p>You and your adviser will receive consolidated quarterly reports and an annual investor statement summarising your account activities, as well as a consolidated annual tax statement. You can access these reports through InvestorHUB or by contacting your adviser.</p> <p>For more information refer to Section 8: Operating your account, under 'How we keep you informed'.</p>

¹ Available for Australian listed securities only

2. About Rhythm Investment

The Service allows you to tailor an investment strategy from a range of available investment options. You and your adviser can consider your goals and determine the investment strategy that's right for you. The Operator manages all your investments, executes your instructions and provides consolidated tax and performance reporting from a single account. You can access information on your account at any time using InvestorHUB.

Your adviser will provide you with all the information and relevant disclosure documents you require in order for you to invest through the Service.

A flexible account that works with you

- ✓ Choose from a wide range of investment options
- ✓ One place to buy, sell and manage your investments
- ✓ Protect your wealth or borrow to invest
- ✓ Choose your broker from our approved list
- ✓ Access simple, easy-to-understand valuation, tax and other reports

3. Benefits of Rhythm Investment

Access a range of investment options on the investment menu

You can diversify your investments across a range of investment types, asset classes and investment styles.

Choose from an extensive range of investment options, including:

- Managed funds
- Managed portfolios
- Australian listed securities
- Term deposits, and
- Cash

The list of available investments is set out in the Investment Booklet. The Investment Booklet is reviewed regularly by the Operator and may change from time to time. You can access the latest Investment Booklet from your adviser, the Administrator or on the product website.

You can also get access to a range of additional services provided by third parties, such as margin lending and choice of your broker.

Through the Service you can customise your account in a way that suits your own personal circumstances by setting up investment preferences on your account. This feature allows you to set up exclusions on particular investments and set up a minimum trade size.

For more information, refer to Section 8: Operating your account.

You should also discuss with your adviser whether establishing investment preferences is suitable for your needs.

A range of managed portfolios

The Service offers you access to managed portfolios which can provide an easy, cost-effective and tax-efficient way to implement your investment strategy.

Managed portfolios are available through the Service via one or more non-unitised and registered managed investment schemes (Scheme), which is operated and offered by a responsible entity (RE) that is approved by the Operator.

Each RE of a Scheme may appoint HUB24 as one or more of custodian, administrator and investment manager for the relevant Scheme.

Refer to the product disclosure statements for these Schemes for further details which can be obtained from your adviser or through InvestorHUB.

A portfolio manager is appointed in respect of each managed portfolio to design, construct and advise on the notional portfolio of assets for the managed portfolio (standard managed portfolio). The relevant portfolio manager will develop the portfolio composition and instruct the Operator to reweight or rebalance your investment in your chosen managed portfolio option in accordance with the standard managed portfolio.

Managed portfolios can consist of a range of financial products including Australian listed securities, managed funds, exchange traded funds (ETFs), exchange traded products (ETPs), other managed portfolios and cash.

Where you invest in a managed portfolio, you are taken to have instructed the Operator to pay any fees in respect of the managed portfolio from your cash account and to meet any obligations and debts relating to your managed portfolio from your cash account or from realising your investments to the RE, investment adviser or the portfolio manager (as applicable) for their services.

Where amounts are owed to an RE or a Scheme (for example because your investment in a managed portfolio has gone into negative balance) you are also taken to have authorised the Operator to deal with your accessible investments (for example monies held in your cash account and other securities) including acquiring, investing in, redeeming, selling, transferring or otherwise disposing of those accessible investments without specific instructions from you to fund those obligations in relation to any of your managed portfolio investments in a Scheme. If payment from your cash account is not possible, these amounts may be paid from the relevant Scheme.

The Administrator may provide additional services in its personal capacity to you directly or through issuers of underlying investments such as administration, investment advisory and custody services to an RE of a Scheme offering a managed portfolio which is available through the Service and the Administrator may be remunerated for these services.

The key benefits of managed portfolios are beneficial ownership of the underlying assets, flexibility, transparency, tax management and efficiency.

Your adviser can transfer efficiently from one managed portfolio to another within your account. Once your adviser places instructions with us, the Operator generates buy-and-sell trades for the same security, and offsets this within your account, saving you broking fees and minimising potential capital gains.

Tax optimisation tools

You can benefit from tax optimisation in several ways.

When using our aggregated trading facility, listed securities can be switched between managed portfolios within the same account without realising a capital gain, which will enable you to save on CGT and brokerage costs. Our functionality also allows your adviser to estimate the impact of CGT on proposed transactions before implementing them. This will help you optimise the tax outcomes of your investment strategy. You can choose from three methods to calculate capital gains to suit your circumstances. These include a minimise gain, maximise gain or a 'first in first out' approach. Your adviser can modify your selection if your circumstances change.

Access to your account anytime

Your account can be accessed anytime through the internet or via our easy-to-use mobile apps. You will receive real time access to information and notifications about your investments via InvestorHUB, your online portal.

You can monitor your investment portfolio continuously through a large range of online reports, including valuations, performance reporting, transaction reports and income reports.

You can also easily access important information online including:

- a summary of your asset allocation
- recent cash account balance; and
- trade notifications.

The Service provides you with consolidated quarterly reports and an annual investor statement summarising your account activities. You will also receive a consolidated annual tax statement containing all income and capital gains information relating to your account. This simplifies the process of completing your annual tax return.

Efficient trading choices

We offer flexibility and control over when and how you trade.

3. Benefits of Rhythm Investment

- **Direct Market Trading:** Direct trading of Australian listed securities can be effected at any time at highly competitive fees, using at market price or a limit.
- **Aggregated Trading:** Consolidating your trades within our scheduled daily trading times may result in significant netting-off benefits in terms of brokerage costs and CGT.

Managed discretionary accounts (MDAs)

Your adviser may recommend you use a Managed Discretionary Account (MDA) service to manage your portfolio. This service is called the Managed Portfolio Service (MPS).

MPS provides you with access to professionally managed model portfolios from a specialist research and investment team. You allow MPS to manage the investment decisions and day to day actions within your model portfolio, including regular rebalancing to keep your portfolio in alignment with your adviser's recommendations. Corporate actions will also be managed on your behalf. Further information is available from your adviser.

Please refer to *Part II of the IDPS Guide* for more information on the fees relating to the provision of services under the MDA Facility.

Wholesale client services

The Service may be used by your adviser to provide you with advice and services as a wholesale client (within the meaning given to this term in the *Corporations Act 2001 (Cth)*).

The Operator may not be aware of the wholesale service arrangement between you and your adviser.

For more information on whether you are eligible to be categorised as a wholesale client and the impact of this, please speak to your adviser.

4. Risks

Before you consider investing through the Service, it's important you understand the risks that can affect your investment. Broadly, these risks can be categorised into the risk of using the Service and the risk associated with financial products and services you access through the Service.

You should also consider the specific risks of the investments you choose. Investment risks may vary significantly from the examples set out below and will depend on the actual investments you access.

Here are some ways to help manage risks:

- Your adviser can help you formulate an investment strategy that best suits your individual needs and objectives, and select your investments from a wide range of options. It is important you discuss your specific risks with your adviser.
- Read all the information in this IDPS Guide, the Investment Booklet and the IDPS Contract, as well as the information about risk in the relevant product disclosure statement or disclosure documents for the products or investment options available through the Service. Review your investment strategy at least once a year and whenever your circumstances change (e.g. if you change jobs, buy a house or have a child).
- Diversify your investment strategy. Diversification involves spreading your investments over a number of asset classes. The more you diversify, the less impact any one particular asset or asset class can have on your overall investment strategy.
- Consider the risks set out in this section. This is a high-level summary of some of the general risks of the Service and risks associated with investments accessed through the Service, including via managed portfolios.

Please note that you cannot expect to eliminate investment risks altogether – you can only reduce, control and monitor them.

Risks associated with the service

The following summary is a guide to the key risks associated with the Service. It is not an exhaustive list of all the risks of investing through the Service.

Service risk	What it means
Advice risk	<p>This is the risk that your adviser may recommend a strategy or investment that's not appropriate for you or provide delayed or inaccurate instructions to us.</p> <p>You may also decide to leave your adviser, or your adviser may cease to be authorised by their licensee or moves to another licensee. In these circumstances, there is the risk that you may not be able to continue to invest through the Service, the fees and other costs that apply to your account may (but will not necessarily) increase, and some of the investment options available to you will change or no longer be available, including some investments that you may hold via a managed portfolio.</p>
Cyber risk	<p>This is the risk of financial or data loss, business disruption or damage to the Operator's reputation as a result of a failure of HUB24's information technology systems. This could include failure to secure the information or personal data stored within its information technology systems from unauthorised access or disclosure, the encryption of business critical files by ransomware, and online fraud.</p>
External fraud (including identity theft)	<p>This is the risk that someone may fraudulently obtain your personal information and impersonate you and provide fraudulent instructions to the Operator that may cause you to lose some or all of your investment. The Operator has compliance measures in place to address this risk and takes steps to verify the information provided. As trades can usually only be processed through your adviser there are a number of procedures in place to prevent fraud of this type. However, these measures cannot eliminate the risk of external fraud. The Operator disclaims any liability arising from external fraud or identity theft to the maximum extent permitted by law. If you believe that your personal information may have been compromised, please notify us immediately so that we can take appropriate action.</p>
Investment variance risk	<p>The actual investment performance you experience may vary from a portfolio managers' managed portfolio (standard managed portfolio) due to a number of factors, including, but not limited to the timing of your investments into and withdrawals from the managed portfolio, if you invest below the minimum suggested initial investment amount for the managed portfolio, the timing of rebalances, minimum trade requirements, the managers' use of progressive portfolio implementation¹ and any investment preferences (for example investment exclusions and substitutions) you establish.</p> <p>Any applicable managed portfolio investment performance fees paid to the portfolio manager are calculated based on the performance of the standard managed portfolio which may differ to your actual investment performance due to the factors described above. This means the actual dollar amounts you pay in investment performance fees may be higher or lower than if the calculation of the investment performance fees was based on the performance of your managed portfolio.</p>

¹ For more information about progressive portfolio implementation, refer to Section 5: Your investment choices under the heading 'Managed portfolios' and sub-section 'Progressive portfolio implementation'.

4. Risks

Service risk	What it means
Legal and regulatory risk	Changes to taxation or other laws in Australia and internationally may impact the tax-effectiveness of your investment and/or the returns generated by your investment.
Operational risk	The operation of the Service relies on HUB24's technology and on the technology of other service providers. A failure in their systems or processes may have an impact on your account, such as a delay in processing investment transactions.
Portfolio risk	Your adviser, the MDA Service Provider (where applicable) and managers of managed portfolios may be unsuccessful in meeting the investment objectives of investments and portfolios that they maintain for you. The Operator does not and cannot supervise the advice provided to you by your adviser and whether it is appropriate for you.
Third party risk	<p>Service providers or certain persons appointed by you or the Operator, including HUB24, sub-custodians (or their appointed sub-custodians) and investment managers, or your broker, may default on their obligations, which could potentially result in losses to the value of your investment. We will appoint counterparties and service providers who we consider have a low risk of defaulting, however these risks cannot be eliminated entirely.</p> <p>There is also a risk that the Operator may not accept a transaction executed by your broker if it does not meet the terms of the agreement between the Operator and your broker. For example, if there's not enough money in your cash account or the security is suspended or placed in a trading halt.</p>

Risks associated with investments

This summary sets out key risks associated with investments accessed through the Service. You should consult the product disclosure statement or disclosure document for the specific investment for any specific risks related to that investment.

Investment risk	What it means
Concentration risk	This is the risk that a concentration of investment in a small number of securities may be subject to greater volatility, due to its exposure to a limited number of industries, sectors or countries, than investing in a larger number and/or more diverse array of securities
Country risk	<p>Country risk is a general term that refers to the collection of risks associated with investing in a foreign country. It includes specific types of risk such as, but not limited to:</p> <p>Political – the risk of political instability in a country</p> <p>Foreign exchange – refer to the 'Foreign exchange risk' section below for more information</p> <p>Sovereign – the risk of a foreign government intervention in an entity, asset or market, resulting in losses; and</p> <p>Transfer – the risk of a foreign government or regulator restricting transfers of assets.</p> <p>Other more general consequences that you may need to consider when investing outside your country may include such things as differing laws and regulatory environments (offering less protection to investors), differing standards of information provided to you in terms of quality and timeliness, and time differences which could lead to delays in the transmission of information which in turn could restrict your and/or your adviser's ability to react to events.</p>
Credit risk	Your capital and/or the interest earned on that capital may not be paid due to the underlying bank or deposit-taking institution or corporation defaulting.
Derivatives and sophisticated investment products risk	The use of sophisticated financial products such as derivatives has the potential to cause losses that are large in relation to the amount invested. Some managed funds use derivatives, and this may imply some embedded leverage that could, under some circumstances, magnify losses. The cost of using this type of financial product may also reduce returns. There is also a risk of a counterparty to a derivative defaulting on their obligations.
Diversification risk	Lack of diversification across asset classes over your entire portfolio of investments may cause your portfolio's return to fluctuate more than expected. For example, if you invest entirely in shares rather than spreading your investment funds across other asset classes (such as property, cash and fixed interest), share market movements could significantly affect your investment.
Foreign exchange risk	If parts of your investment are priced in a foreign currency, international factors such as exchange rate fluctuations and movements in international stock markets may affect the value of your investment. These investments may also not be hedged (protected) effectively, or at all, against exchange rate fluctuations.
Inflation risk	Your investments may not keep pace with inflation, so over time your money may have less purchasing power.
Interest rate risk	Changes in interest rates may affect the value of interest bearing securities and shares in some companies.

4. Risks

Investment risk	What it means
Investment objective risk	There is a risk that at a point in the investment/economic cycle the performance of your investments may not align with the investment's stated investment objective and/or benchmark. This is particularly the case where the investment may have absolute return objectives (e.g., RBA plus or inflation plus objectives, which could give rise to expectations of positive returns) in a falling market environment, or where there are strong performance differentials within markets favouring/disadvantaging particular investment processes, strategies or styles.
Investment option risk	The investment options you select may change or cease to be offered through the Service, which may affect the investment composition in your account, your risk profile and your investment strategy.
Liquidity risk	In difficult market conditions, some normally liquid assets may become illiquid. This could restrict the ability to sell them or to make withdrawal payments from managed funds and managed portfolios or process investment switches in a timely manner. For example, we might not be able to sell listed securities that are rarely traded, or that are restricted or suspended from trading. Another example might be a property trust where the underlying property (e.g. a shopping centre) takes a long time to be sold. Term deposits are generally an illiquid investment as they may not be redeemable before their maturity date, as early redemption usually results in reduced returns or a penalty.
Manager risk	Underlying investment managers for managed funds or portfolio managers for managed portfolios may not anticipate market movements or execute investment strategies effectively. Changes in their staff may also have an impact on the performance of the chosen investment.
Market risk	Movements in a market sector due to, for example, interest rate movements, economic factors, pandemics, political, military or social events may have a negative impact on your investment and/or on the returns your investment generates. Market values can change rapidly, and it is possible to lose some or all of your initial investment.
Margin lending risk	<p>Investment losses will be magnified by the use of borrowing (i.e. margin loans), resulting in greater potential losses to investors. Margin loans will also be subject to borrowing costs (which may reduce returns) and to margin calls by margin lenders.</p> <p>If the value of your investments continues to fall and you are unable to meet margin calls, this could result in significant losses. The margin lender may also sell the assets in the geared account to repay any margin calls and/or the margin loan, potentially resulting in losses through the forced sale of part or all of the investments in the geared account.</p> <p>A margin lending facility may also be subject to additional risks not set out in this IDPS Guide. You should discuss this in detail with your adviser before considering taking a margin loan. You may also be subject to the margin lender's solvency and stability. For example, in recent years, providers of funds to certain margin lenders have repossessed or sold the client assets of defaulting margin lenders to recoup repayments.</p>
Sector risk	There are risks associated with a particular industry's specific products or services due to, for example, changes in consumer demand or commodity prices.
Specific asset risk	There are risks associated with specific assets, for example, certain managed funds may use leverage (i.e. borrowing to invest), undertake short selling (i.e. selling shares they don't actually own) or invest in sophisticated financial products such as futures, foreign exchange contracts, options and other derivatives. Use of these methods could cause large losses in proportion to the money invested in them. Before selecting these types of assets as part of your investment strategy, you must read the relevant product disclosure statement or disclosure document.

It's important you discuss your specific risks with your adviser.

5. Your Investment Choices

Setting your investment goals

The Service provides you with a range of investment options from multiple asset classes so you can determine an investment strategy with your adviser that addresses your personal needs and goals.

This IDPS Guide outlines some basic principles of investing that you should discuss with your adviser. It is important that you discuss how much risk you are prepared to accept and your investment objectives with your adviser, together with the timeframe you have to construct an investment strategy.

Your adviser can then help you build an investment strategy that suits your individual circumstances and financial objectives. This will enable you to achieve the right balance between risk and return, taking into account factors such as your investment goals, investment timeframe and how comfortable you are with changes in the value of your investment.

All investments come with some level of risk, although the degree of risk may vary depending on the asset class or nature of an investment. Generally, low levels of uncertainty (low risk investments) are associated with low potential returns, whereas high levels of uncertainty (high risk investments) are associated with high potential returns.

Diversification – spreading your investments over a number of asset classes – can assist you in reducing the short-term variation of your returns. The more you diversify, the less impact any one particular asset class can have on your overall investment strategy. When one asset class goes down in value, another may go up.

Designing your investment strategy

To design and build your investment strategy, you and your adviser can choose investments from a range of approved asset classes such as cash, fixed interest, property, infrastructure, Australian equities, alternatives or a combination of asset classes.

The types of investments (underlying investments) available to implement your chosen investment strategy(ies) are shown below:

- Managed funds
- Managed portfolios
- Australian listed securities
- Term deposits, and
- Cash

The list of available investments is set out in the Investment Booklet, which is available from your adviser or the Operator or on the product website.

The Operator provides a range of investment choices and product features that enable you and your adviser to select options appropriate for you. However, the Operator does not participate in setting your objectives or designing your investment strategy.

How you can invest

Australian listed securities

The Service offers you the opportunity to invest directly in listed securities including ordinary shares, exchange-traded funds ('ETFs'), other exchange-traded products ('ETPs'), listed investment companies ('LICs'), listed investment trusts ('LITs'), interest rate securities and hybrids (such as preference shares and convertible notes).

An ETP is generally a managed fund or other product that is traded on a stock market, and includes an ETF. An ETF aims to track or follow a particular index. There are various ETFs which provide access to particular investments, such as Australian and international shares, commodities,

listed property trusts or a combination of asset classes. Other types of ETPs are exchange-traded managed products that are not ETFs. These include exchange traded managed funds, exchange traded commodities and exchange traded bonds.

LICs/LITs use a company structure/trust structure and the money raised is used to buy shares in other listed securities and are then traded on a stock exchange. LICs/LITs are generally actively managed and aim to outperform a particular objective.

Interest rate securities are a class of investment where, essentially, investors lend money to a company or institution which pays interest in return for a period of time. The time period is usually for a fixed period of time.

Hybrids are a group of securities that combine elements of broader groups (debt and equity).

Through your adviser you can trade Australian listed securities by using:

- our aggregated trading service
- our direct market trading service; or
- your broker (subject to Operator approval).

Refer to Section 6: Efficient trading choices for more information.

Income received from listed securities is automatically paid to your cash account, unless there is a dividend reinvestment plan on offer and you choose to participate, in which case it is reinvested in the particular financial product that generates the income. Disclosure documents for financial products held through the Service are updated from time to time, so you may not have the most current version at the time your distributions are reinvested as additional holdings in the relevant securities. You can obtain the current disclosure documents on InvestorHUB or through your adviser. Information on your Australian listed securities can be accessed through InvestorHUB.

Term deposits

The Service gives you access to investments in term deposits (through a bank or financial institution) with a range of durations where the interest rate is fixed. Typically these term deposits offer durations of three months, six months and one year. We may include other term deposits with differing durations and features as they are made available by the term deposit providers. During the term, you cannot access your funds (without loss of interest and/or charges) or add funds to the investment. Interest is generally calculated daily and paid at maturity.

You will be able to access information on your term deposits through InvestorHUB. InvestorHUB also provides instructions on what you need to do to invest in term deposits.

Managed portfolios

A range of portfolio managers

You have the option to choose managed portfolios offered by a range of portfolio managers.

We have a range of portfolio managers with different investment portfolio strategies and objectives to advise us on a variety of managed portfolios. The managers design each portfolio based on a number of factors such as investment style, asset allocation approaches, investment objectives and different risk profiles.

The Service offers access to a range of these managed portfolios. Generally, the types of managed portfolios offered are either:

5. Your Investment Choices

- a single sector investment strategy, for example Australian equities or listed corporate bonds; or
- an investment strategy that combines a number of asset classes, managers and investment options.

Portfolio adjustments

Each managed portfolio has specific allocations ('weights') to asset class(es) and underlying investments. The portfolio manager is responsible for monitoring the portfolio's strategy and advises us if adjustments are required. Accounts investing in managed portfolios may have allocations to investments that differ slightly from those targeted by the manager, due to variations in execution prices, market fluctuations, cash flows in and out of the account and the operation of weight variation tolerances. Adjustments to a managed portfolio could be either:

- **rebalancing**, which involves comparing and realigning the market value weights of your underlying investments to the weights in the managed portfolio; or
- **reallocating**, which involves changing the exposure to different asset classes and investment choices across different sectors and industries within the managed portfolio, by adding or removing specified investment components.

HUB24 administers and implements each managed portfolio and any changes to the portfolio composition when the deviation in weightings falls outside the managed portfolio tolerance range. Rebalancing and reallocating of a managed portfolio may occur regularly depending on the managed portfolio selected. When such adjustment occurs, you may receive a trade notification. Refer to Section 8: Operating your account, under 'Trade notifications' for more information.

Dividend reinvestment

On the advice of the portfolio managers, HUB24 may elect to use income derived from underlying investments within managed portfolios to participate in any dividend reinvestment plan(s) or to buy additional quantities of those underlying investments.

If we do not, or cannot, participate in dividend reinvestment plan(s), any income generated will be:

- retained as cash within managed portfolios
- reinvested in other investments as part of the portfolio manager's regular rebalance, or
- paid into your cash account outside of the managed portfolio.

Progressive portfolio implementation

Progressive portfolio implementation (PPI) is a way for a portfolio manager to implement a change in managed portfolio weightings by introducing one or more substitute investment(s). The portfolio manager may instruct us to temporarily apply this change in respect of new purchases of the managed portfolio without impacting existing holders of the standard managed portfolio.

If a portfolio manager uses PPI, the underlying investments held in your managed portfolio may differ from the manager's standard managed portfolio. As a result, the investment performance you experience through a PPI managed portfolio may differ from the standard managed portfolio. This is referred to as investment variance risk. For more information about investment variance, refer to Section 4: Risks under 'Risks associated with the Service'.

Managed funds

A managed fund is an investment product where an investor contributes money to receive an interest (usually expressed as a 'unit') in the managed fund, which is then pooled together with other investors' monies and managed by a fund manager.

You can choose from a range of managed funds offered by Australian and international fund managers.

Units in the managed funds are held on trust for you in the name of a sub-custodian, but you retain beneficial ownership of the units.

The Operator is often able to obtain wholesale fund fee rates, which are generally lower than the fee rates applicable for direct investment into retail managed funds. A fund manager may provide a rebate of the fees and costs associated with your investment in a managed fund. These rebates are returned to you in full and will typically be paid into your cash account. Your entitlement to any rebate is determined by the fund manager, however, where you have closed your account prior to the processing of a rebate, you will not be entitled to that rebate. Refer to Part II of the IDPS Guide for more information about fees and other costs.

We allow you to transfer your investment in an existing managed fund or funds into the Service (subject to availability and/or Operator approval), provided there is no change to beneficial ownership.

Minimum investment amounts may apply to some investment options. Refer to the disclosure documents available on InvestorHUB or from your adviser.

The current list of all investment options is available on InvestorHUB or in the Investment Booklet.

You should obtain from InvestorHUB or your adviser the most recent disclosure documents for each investment you are considering. The disclosure documents for each investment are prepared by the relevant product issuer and contain detailed information about the product issuer, management and administration of the investment, and the fees and costs of investing in the product.

Reviewing your investment options

You should regularly review your investment strategy with your adviser and make sure your investment choices are appropriate for your personal circumstances. We do not provide personal financial product advice as part of the Service. The Operator provides access to underlying investments without taking into account your individual objectives, financial situation and needs.

Investment Booklet

The Investment Booklet is available from the product website shown on the front cover. The list of available investments will change from time to time. You can request a paper copy of the Investment Booklet from your adviser or by contacting us.

The Service provides a variety of investment products so you and your adviser can achieve the level of diversification appropriate for you. These investment products may range from simple (e.g. listed ordinary shares, term deposits and managed funds) to complex portfolios selected on the basis of investors' risk profiles, asset class or manager capability.

Prior to making investments available to you through our Service, these investments are subject to an initial examination by members of ISIL's Board Investment Committee (BIC) to determine their nature, likely market behaviour and any other relevant characteristics. The ISIL BIC has been established to assist the Board in fulfilling its investment responsibilities, by approving the appointment and closure/termination of investment

5. Your Investment Choices

options. The IISL BIC regularly reviews the Investment Booklet to ensure it has a choice of investments to meet the needs of clients and their advisers. The Operator is not constrained by the range of products issued by or associated with any related parties of the Service. Factors that the IISL BIC consider prior to their inclusion include:

- whether the investment is offered through a regulated stock exchange or by direct application
- whether the investment is supported by the Insignia Financial Group Research department
- ratings from independent Research houses
- diversification by asset class, investment style and investment management groups
- constraints including capacity, liquidity, transparency, diversification and management accessibility
- cost-efficient fee alternatives
- sufficient demand
- in the case of a managed portfolio, whether the manager of the managed portfolio is likely to have the required expertise to design and maintain the portfolio in line with its stated objectives, strategies and other investment parameters, and
- whether the features of the investment can be supported operationally.

The availability of investment choices through the Service is not an endorsement by the Operator or its affiliates and it does not mean they are suitable for you.

The Operator does not make recommendations on investment products. You should discuss with your adviser whether a particular investment is suitable for your needs.

Additional documentation you will need

Your adviser will also provide you with a Statement of Advice ('SOA') and other disclosure documents relevant to your investment options, including:

- Product Disclosure Statement (or 'PDS') for each managed fund and each managed portfolio
- fact sheet for ETFs, ETPs and/or LICs/LITs
- general information on direct shares, and/or
- an information guide on term deposits.

All these documents are available on InvestorHUB or from your adviser.

- insufficient demand
- a Target Market Determination (TMD) is not made available where required or due to the TMD's distribution conditions
- termination by the manager or the listed investment is delisted from the ASX.

If the Operator closes an investment option to new monies this means your money currently invested in this option remains unchanged. However, any subsequent investment that would have been directed to this investment option will go to your cash account until alternative investment instructions are received from your adviser. If the Operator, Administrator and/or a fund manager terminates the availability of an investment option to all new and existing investors (or clients), this will require your investment to be sold down to cash. The proceeds of sale will remain in your cash account until alternative investment instructions are received from your adviser.

Termination or change of status of an investment option

The Operator and/or an external asset consultant, as appointed by the BIC from time to time, reviews the Investment Booklet periodically to identify investment options that may no longer be suitable for continued Investment Booklet inclusion.

The considerations for removal include (but are not limited to):

- a change in their research rating or view by the Insignia Financial Group Research and Investment Governance departments resulting in a lower probability that the investment option will meet its stated objectives (factors may include a material personnel change or a change in operational risk, structural risk, underperformance or governance)
- an elevated probability of the investment option closing/terminating (potentially due to declining profitability driven by low levels of funds under management)

6. Efficient trading choices

Our flexible trading options give your adviser greater flexibility and control over when and how you trade in listed securities. You may elect to receive a trade summary confirming details of all trades for any day on which trades are executed. All trades placed can be monitored on InvestorHUB.

The Operator is not a market participant or clearing participant of the ASX or any other financial market. We have arrangements in place with brokers to provide broking services in relation to your instructions to buy or sell securities. When you choose to trade using our default brokers (refer to 'Aggregated trading' and 'Direct market trading' below), you authorise us to instruct the default broker to execute the relevant transaction under the trading agreement between us and the broker.

Aggregated trading

Under aggregated trading, your adviser can place a trade for Australian listed securities through AdviserHUB using our default broker. This trade will be combined with other trades we receive on that day.

Multiple orders for a particular security are aggregated and netted, with the total order spread out on the market during a specified time period once a day. This could, however, result in a higher purchase or lower sale price compared to if you had executed the trade at an optimal market time.

A benefit of aggregated trading is that we combine all listed securities trades required for new investments, withdrawals and rebalancing of managed portfolios with the trades received from advisers. We then internally match or net off any buy-and-sell trades for your account where possible, reducing the number of buy-and-sell orders that need to be placed in the market on your behalf. This netting process can result in lower transaction costs for you (e.g. less brokerage costs).

When trades are netted across different accounts within the Service, the trades will incur brokerage. Aggregated trading is used for managed portfolio trades in most cases.

Direct market trading

The Service allows your adviser to trade your direct Australian listed securities in real time directly through AdviserHUB using our default broker. Your adviser can place orders in two ways:

- **Limit** – this is an order to buy or sell direct shares at a specified price.
- **Market** – this is an order to buy or sell securities at the prevailing market price at the time that the order is executed. If the quantity available at the prevailing market price is not sufficient to satisfy the order, the broker will endeavour to fill the balance of the order at the best available market price that complies with individual exchange rules and standards, however, the execution and the price is not guaranteed.

Trading through your broker

The Service allows your adviser to buy or sell Australian listed securities, and other investments, as approved by us, on your behalf by placing trades directly with your broker, subject to Operator approval. Trades placed with your broker are not placed through AdviserHUB, but through your broker, and orders are executed in accordance with your broker's market and trading requirements and are subject to the broker's terms of business.

The Operator reserves the right to add or remove brokers at its discretion and without notice to you. You can obtain information about the approved brokers by requesting this from your adviser or by contacting us. This feature will be made available at the discretion of the Operator.

If you choose to transact through your broker:

- you authorise the Operator to rely on instructions from any person that the Operator reasonably believes to be your broker, as if the Operator had received those instructions from you
- your broker is responsible for the service they provide you and our role is limited to facilitating the settlement of transactions placed by your broker
- your broker is responsible for checking that you have sufficient cash or financial product to discharge obligations under the transaction prior to executing the trade; and
- transactions placed by your broker and notified to the Operator may not be accepted if it does not meet the terms of the agreement between the Operator and your broker. For example, if there's not enough money in your cash account or the security is suspended or placed in a trading halt.

6. Efficient trading choices

Trade authority

We cannot generally deal with your investments without your prior instruction. When we receive a trade instruction, we assume you have authorised your adviser or your broker to instruct us and that your adviser/broker has provided you with specific information regarding the investment. It is your adviser's/broker's responsibility to ensure your trade instructions are correct. Generally, once a trade is placed it cannot be cancelled or amended.

Trading through our default brokers or your broker is subject to the operating rules regarding trades on the relevant exchange or requirements of the relevant product being invested in. The Operator is not liable for delays in the execution of the transactions, market movements or buy-and-sell spreads. The length of time it takes for the trade to be completed will depend on market conditions or external counterparties where you are transacting in unlisted investments, as approved by us.

Trade restrictions

We may not be able to fully implement buy and sell instructions received for your account where, among other things:

- trading orders may not be able to be fully executed, or may need to be executed in small amounts on the market (for example, if there is very low demand for a direct share)
- a listed security or the exchange itself becomes suspended or halted for trading by the applicable stock exchange
- a minimum trade size is needed. The Operator has the discretion to delay or cancel trades that do not meet the minimum requirements as determined by the Operator
- there's insufficient cash in your account to settle a buy trade, or insufficient investments held in your account to settle a sell trade, or
- the trade may be manipulative or contrary to the rules, practices and procedures of the applicable stock exchange, or have the potential to give rise to unorderly market behaviour.

We and your broker reserve the right to reject or cancel trades (for example, if it might result in a breach of any applicable stock exchange operating rules or other relevant laws) without your consent or prior notice.

7. Other services

You and your adviser can access margin lending and your broker services through the Service. You should ensure that these services suit your individual circumstances and objectives.

Service	Margin Lending	Trading through your broker ¹
Providers	You and your adviser can access a choice of approved margin lending providers.	You and your adviser can access a choice of approved brokers ² .
How it works	<p>You may choose to invest using margin lending facilities approved by your adviser. When you invest through a margin lender, you are directing the margin lender to arrange for your funds to be invested into the Service on your behalf. Your investments will be held in a 'geared account'.</p> <p>A geared account is an account holding investments in the Service, which has been funded based on a margin loan agreement. This account may be in the name of your margin lender, depending on the margin loan agreement.</p> <p>The margin lender may be registered as the investor and acquires the investor rights. The margin lender can exercise or decline to exercise these rights on your behalf according to your margin loan agreement.</p>	<p>You may choose to use your broker to place and execute trades. When you use your broker, you are directing your broker to arrange for your investment instructions to be executed and you are authorising us to rely on instructions from any person that we believe to be your broker.</p> <p>Your broker is responsible for the services they provide you and our role is limited to the settlement of the transaction initiated through your broker.</p>
Application for the additional service	Read the margin loan facility agreement. Your adviser will need to complete application forms for both the margin lender and the Service, and forward both to the margin lender.	Read through your broker's client agreement and any associated product terms, as applicable. You and your adviser will need to complete the relevant application forms for both your broker and the Service.
Payments and funding	The investments held in the geared account will generally be used as security for the margin lending facility. We do not enter into a lending agreement with the margin lender as a means of providing this security. The margin lender's interest is generally limited to the geared account balance unless you agree otherwise. The margin lender is typically not entitled to any recourse against your other assets in the Service or your other accounts. There are significant risks associated with margin lending. Refer to Section 4: Risks, under 'Margin lending risk' for more information.	The investments and/or cash positions held in your account will be forwarded to your broker, to enable your broker to allocate orders that do not breach your cash limits or any trade restrictions. The Operator has the right to cancel trades pursuant to your cash positions and/or any trade restrictions.
Role of the provider	When you invest through a margin lender and wish to make withdrawals or transfer your investment, you will have to direct the margin lender to do so on your behalf. We will process withdrawal requests according to the margin lender's instructions. All correspondence and dealings in your investment will be through your margin lender. Refer to Section 4: Risks, under 'Margin lending risk' for more information.	When you trade through your broker you will have to direct the broker to do so on your behalf. We will settle the trade request according to the broker's instructions and if it meets our trade requirements. All correspondence and dealings in your investment will be through your broker. Refer to Section 6: Efficient trading choices, under 'Trading through your broker' for more information.

¹ Trading through your broker is subject to approval by the Operator.

² A fee will apply for trading through your broker. Refer to Part II of the IDPS Guide for more information about fees and other costs.

Note: Nothing in this IDPS Guide is to be taken as a recommendation or endorsement of any margin lender or the use of margin loans, or broker providers and/or broker issued products. We accept no responsibility in relation to the margin loan, the margin lending agreement or the margin lender, the broker providers and the broker issued products. We are not responsible for any actions taken by the margin lender for the margin loans provided to investors in the Service and we are generally not in the position to (and, therefore, will not) monitor, verify or confirm that a margin lender complies with the relevant margin loan agreement.

8. Operating your account

Initial steps

To open an account you must:

- contact your financial adviser to establish an investment strategy and select your investments, and
- complete online via AdviserHUB and sign the relevant Application Form and agree to the terms and conditions set out in the IDPS Contract.

Once your account has been established, you will receive a welcome email that provides you with EFT and BPAY details on how to make your initial contribution. Please ensure the correct transaction reference is used. Keep a record of the transaction and contact us if you do not see the funds deposited within three business days from depositing the funds into your account.

Once you have deposited funds into your account, your adviser will implement your investment strategy.

The Application Form is available online and can be accessed by your adviser.

By signing the Application Form, you agree to the terms and conditions set out in the IDPS Contract, which accompanies or is made available with this document. This authorises us to manage your account(s) in accordance with your investment strategy instructions agreed between you and your adviser. At our discretion, we reserve the right to refuse any application in the Service.

If you wish to use margin lending facilities to make contributions, you must ask your adviser to contact your margin lender for the relevant forms. Please note that this does not mean we recommend or endorse any margin lender or the use of margin loans.

If you wish to trade through your broker, you will need to contact your adviser who can help you complete the relevant forms. This feature will be made available at the discretion of the Operator.

For further information on margin lending, and trading through your broker, please refer to Section 7: Other services.

No cooling-off rights apply to your investments through the Service, which is of importance for those investments that have only infrequent or restricted redemption windows. You should specifically consider liquidity in determining whether to invest.

Cash account

When you join the Service a cash account is automatically established for you. The cash account represents the cash in your account (excluding any cash held in managed portfolios) and is used to settle all transactions relating to the investments held within your account and deduct any fees and charges applicable. The cash account is not intended to be used as an investment option.

When you first open an account, you direct us to invest your money in your cash account until we receive investment instructions from your adviser. Your cash account can also be linked to an external bank account (your nominated bank account) for easy transfer of funds into and out of your account.

There are minimum balances for your cash account. See below under 'Minimum cash balance'.

The cash in your cash account and in your managed portfolios is held either by HUB24 or by their sub-custodians (or their nominees) with Australian banks or other authorised deposit-taking institutions (ADIs). For details on the basis on which we will withdraw your cash from the

applicable Australian bank or ADI and which Australian banks or ADIs we use from time to time, refer to our website ioof.com.au/forms. Information on the current interest rate payable in respect of your cash account can be found on InvestorHUB.

Transactions including switches, partial withdrawals and other payments (including fees) may result in your Cash Account temporarily having a negative balance. If this occurs, a percentage fee equal to the daily Cash Account interest rate will be charged for each day that your Cash Account has a negative balance. This fee will reduce the interest payable for the month in which your Cash Account has a negative balance and can result in a deduction rather than an interest payment to your account.

Warning: There may be a clearance period on some deposits (for example direct debit deposits and cheques) before the money is available for you to invest. This may also include any regular investment plan transactions. However, there may be limited cases where the money is available for you to invest prior to the end of the clearance period which is typically up to 3 business days. In these cases, if you do invest the money prior to the end of the clearance period and the direct debit is unsuccessful or the cheque is dishonoured, we will pass on any associated costs that are incurred including any losses as a result of selling down your investment(s).

Appointing an adviser

You must have a relationship with an authorised adviser (or 'adviser') in order to use the Service, unless otherwise approved by us. You may appoint an authorised adviser as the adviser on your account by nominating the representative on your Application Form. By appointing an adviser, you are authorising that person to instruct us on your account on your behalf.

We will act on all instructions from you through your adviser. Your adviser can instruct us on anything in relation to your account, except to appoint another person to be your adviser, make changes to your nominated bank account details or your fees payable.

If you wish to change your appointed adviser on your account you must provide us with written notice.

If, for any reason, your adviser leaves the holder of the Australian Financial Services Licence (AFSL) (licensee) that your adviser operates under or ceases to be authorised by their licensee, you may not be able to retain your investment in the Service. The consequences can include closure of your account (please refer to the section below 'What will happen if you no longer have an authorised adviser?'). If your adviser moves to a new licensee and you move with your adviser, then your account may be subject to the terms and conditions that apply to the new licensee. As a result, the fees and other costs that apply to your account may (but will not necessarily) change, including increase, and the investment options available to you may also change or no longer be available. This can include any managed portfolios that you hold. Our standard terms and conditions, and the maximum fees and costs that may apply, are set out in the Rhythm Investment IDPS Guide (Parts I and II), the Investment Booklet, the IDPS Contract and Application Form on issue at the relevant time, which can be found at ioof.com.au/forms

What will happen if you no longer have an authorised adviser?

The Service is designed for use with an adviser authorised by us to use our platform. If you decide to leave your adviser, you must notify us as soon as possible. Other reasons why you may no longer have an authorised adviser include:

- your adviser informs us that you are no longer a client with them

8. Operating your account

- your adviser no longer holds an Australian Financial Services License (AFSL) or is no longer an authorised representative of an AFSL holder, or
- your adviser or adviser's licensee is no longer authorised to use the product.

It is important to note that while you no longer have an authorised adviser, you will need to monitor and maintain your account (inclusive of your investment strategy). Using forms available on the product website, you will need to instruct the Operator directly on the following types of transactions:

- buying and selling of investments
- maintaining sufficient cash in your cash account to pay fees.

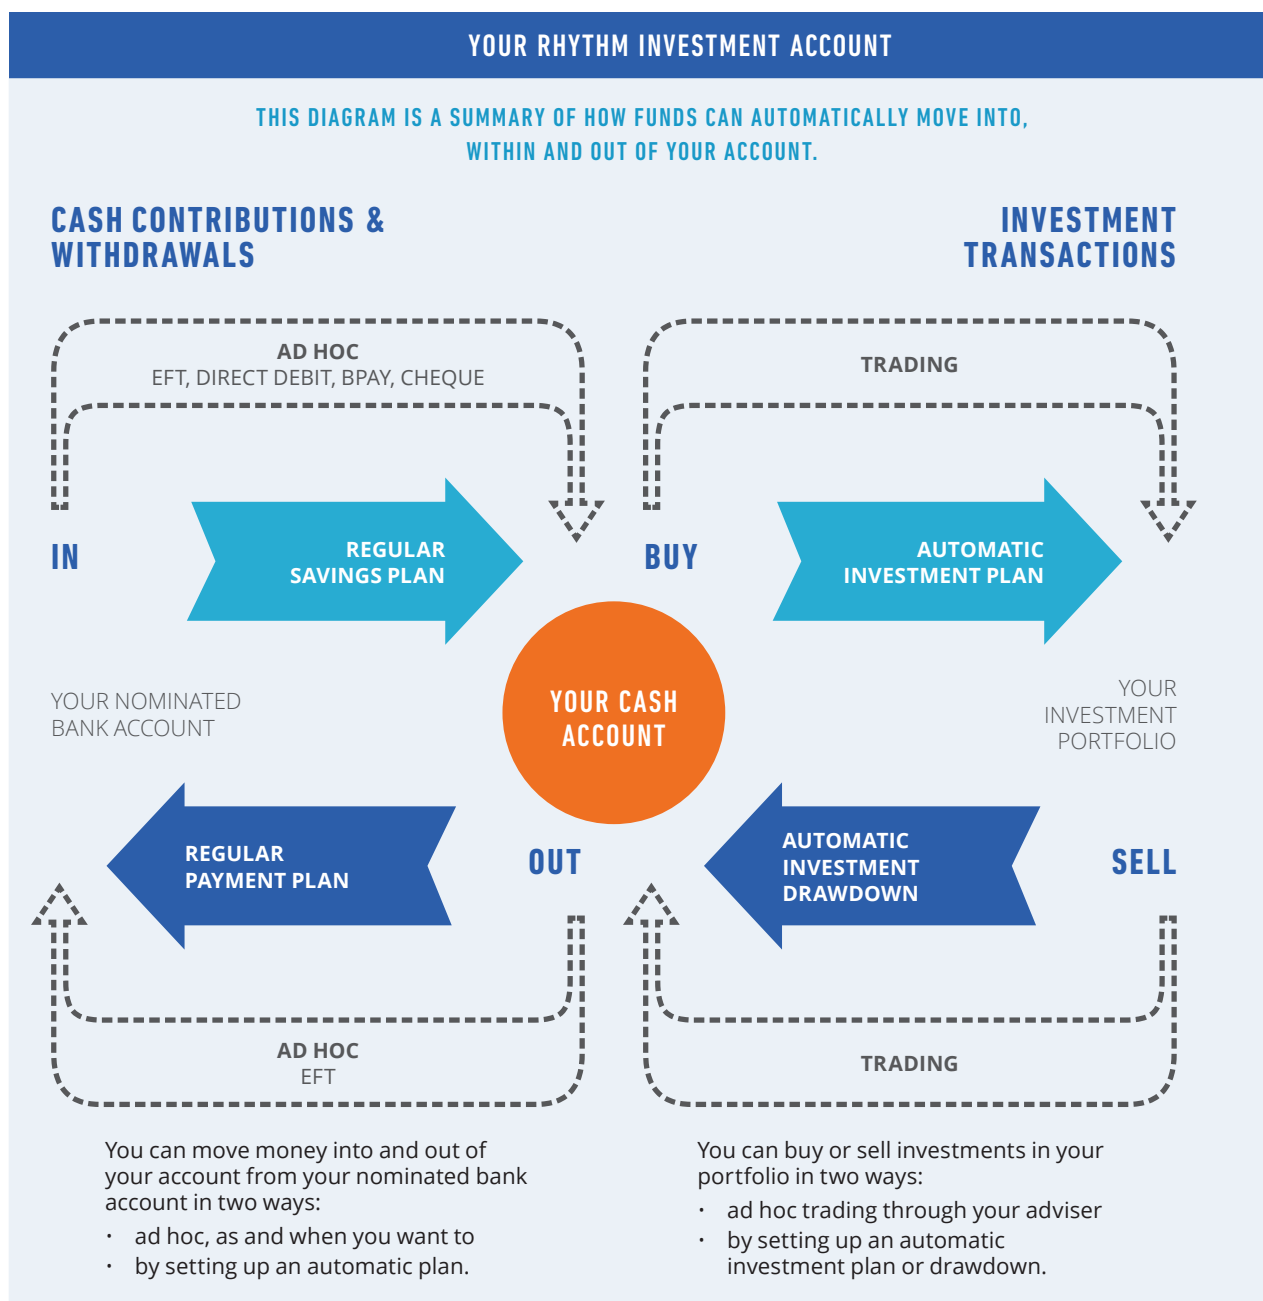

There are other implications when you no longer have an authorised adviser, including but not limited to:

- you might not be able to remain invested in your chosen investment option(s), including managed portfolios and managed discretionary accounts, and/ or have limited access to certain investments
- you may no longer have access to product features within the Service, such as automatic investment plans, or automatic cash top up
- the naming and branding of your account may change (including on any communication we send to you)
- you may be subject to our standard terms and conditions, and the maximum fees and costs, set out in the Rhythm Investment IDPS Guide (Parts I and II), the Investment Booklet, the IDPS Contract and Application Form on issue at the relevant time. This may (but will not necessarily) result in a change, including an increase in fees and costs. These documents can be found at ioof.com.au/forms. You should consider the information in these documents before deciding whether to remain in the Service
- you will be able to monitor your account, access reports and submit forms via InvestorHUB, however any trade instructions must be sent from your registered email address to rhythm@hub24.com.au for processing; and
- the adviser fees that you have negotiated and paid to your current adviser will cease.

Warning: If you do not appoint a new authorised adviser, the Operator reserves the right to sell your investments and close your account.

8. Operating your account

How your account operates

8. Operating your account

Contributions

Once you have opened your account, you can make one-off and regular contributions. You direct us to invest all contributions paid into your account in your cash account until investment instructions are received. You can view your transactions online through InvestorHUB and all contributions will be shown on your statements.

Payment type	How to invest
BPAY	<p>Use the following details for BPAY transactions:</p> <p>Biller code: 17798</p> <p>Your customer reference number (CRN) will be provided to you with your welcome email.</p> <p>The above BPAY biller code and your CRN must be used for any future contributions made via BPAY. You must include your CRN to ensure your payment is processed. Any BPAY deposits with invalid or incomplete information will not be processed.</p>
Electronic funds transfer (EFT)	EFT details will be provided in the welcome email once your account is opened.
Direct debit	You will need to complete a direct debit request form to transfer funds from your bank account.
Cheque	Forward a cheque made payable to HUB24 Custodial Services Ltd <your account name>. Unidentified cheques (with no attached Application Form or customer reference number) cannot be applied to your account.
In specie (asset) transfer	<ol style="list-style-type: none"> 1 Check with your adviser or contact us to find out whether the assets can be transferred to your account. 2 Complete and return the in specie transfer form. You can obtain this from the Forms section of InvestorHUB. <p>Note: Consult your adviser about the likely impact of the transfer, including any CGT liability. Please ensure cost base information and the CGT parcel history of securities are accurate. If there are inaccuracies and we are required to manually reconstruct the cost base history for CGT purposes, fees will be charged on an hourly basis. Refer to Part II of the IDPS Guide for information about fees and other costs.</p> <p>You may be able to transfer in managed funds and listed securities held outside the Service into your account (subject to Operator approval).</p> <p>We may delay processing the in specie transfer if a corporate action is pending on the security. A corporate action is an action taken by a securities issuer to give an entitlement – such as bonus issues, rights issues, dividends and buy-backs – to security holders.</p>

Establishing a regular savings plan (Contributing to your account)

You can set up a regular savings plan with us that allows you to invest amounts starting at \$100 per month into your account.

Regular contributions will be deducted from your nominated bank account on or after the 20th day of each month. We must receive your direct debit authorisation, either with your Application Form or the additional contribution and regular savings plan form by the 15th day of the month, for your regular savings plan to start around the 20th day of that month.

If you want to make changes to your nominated bank account for direct debits, you need to send us a bank account nomination form or a new additional contributions and regular savings plan form before the 15th of the month.

If we do not receive the new details by this date, the change may not occur until the following month.

We may discontinue or suspend direct debits, at our discretion, under the direct debit system.

You must notify us in writing or by email if you wish to cancel a regular savings plan.

Please note that at the time of investing through your regular savings plan, you may not be viewing the most current version of the relevant product disclosure statement or disclosure documents for financial

products held through the Service as these are updated from time to time. You can obtain the current product disclosure statement or disclosure documents at any time on InvestorHUB or through your adviser.

8. Operating your account

Withdrawals

If you wish to withdraw from your account, the minimum withdrawal amount is \$100 per withdrawal from each account.

You can make withdrawals by:

- requesting your adviser to instruct us directly
- establishing a regular payment plan (refer to the details below), or
- submitting the withdrawal and regular payment plan form available on InvestorHUB or from your adviser.

Funds will be paid by electronic transfer to your nominated Australian bank account. We may also contact you to confirm your withdrawal instructions.

Withdrawals must be paid to a bank account in the same name as your account in the Service and not to a third party, unless otherwise approved by us. Examples of when we might give approval include (but are not limited to) payments you agree to make to your adviser, or where a withdrawal is made on a regulated trust account type, such as a Self-Managed Super Fund (SMSF) account, for the purpose of payment of SMSF administrative expenses, such as, payments to the Australian Taxation Office (ATO), legal expenses or accounting related costs. We may request additional documentation prior to processing your payment. Please contact us on 1300 319 363 should you require additional information prior to requesting payment.

To make withdrawals, you must have sufficient cash in your cash account over and above the 0.75% minimum cash balance requirement. Generally, withdrawals will not be processed if there is not enough available cash in your cash account in order to cover the amount of the withdrawal while maintaining the minimum required cash balance in your cash account.

In certain circumstances outside our control, we may need to suspend withdrawals from your account and/or the Service – for example, if a particular investment is suspended from trading, or where we experience an unusually large amount of withdrawal requests. If this is the case, we will inform you as soon as we can after we receive your request.

You can also withdraw assets by having your investments transferred out in specie. Fees may apply for each investment transferred out. Refer to Part II of the IDPS Guide for information about fees and other costs.

We may delay processing an in specie transfer if a corporate action is pending on the security. A corporate action is an action taken by a securities issuer to give an entitlement – such as bonus issues, rights issues, dividends and buy-backs – to security holders. Please consult your adviser about the likely impact of any such transfer, including any CGT liability.

Establishing a regular payment plan (Regular withdrawal from your account)

You can set up a regular payment plan with us that automatically transfers a minimum of \$100 per month into your nominated bank account on the 10th day of each month (or, where the 10th day of the month is not a business day, on the next business day after the 10th). We may, at our discretion, offer additional flexibility on the frequency and date of a regular payment plan.

We must receive your payment plan instruction, either with your Application Form or the withdrawal and regular payment plan form, by the 5th day of the month for your regular payment plan to start around the 10th day of that month. The name of your nominated bank account must be the same as the name of your account in the Service.

You can specify the amount you wish to receive as part of a regular payment plan by selecting one of the following three options:

- 1 **Regular Payment Amount** – this is a fixed amount paid monthly
- 2 **All Excess Available Cash** – this is all surplus cash in your cash account above the required minimum cash balance, or
- 3 **All Income** – this pays all the income received in your cash account from investments for the prior month.

You need to ensure you have sufficient cash in your cash account to meet any fixed regular payments and any minimum cash balance requirement. Otherwise, your adviser can instruct us to sell a portion of your investments to fund the withdrawal without your consent.

Further information about cash

Minimum cash balance

Your cash account is used for all cash transactions. **You must hold sufficient funds to cover any regular payment plan as they fall due as well as a minimum balance of 0.75% of the total amount of investments held in your account at all times.** We can change this minimum cash balance requirement at any time. You and your adviser are responsible for maintaining a minimum cash balance.

You and your adviser can keep track of your cash account balance through InvestorHUB and AdviserHUB. If your cash account balance is below the minimum level, we reserve the right to sell your investments at any time to restore your cash account balance to at least 0.75% of the total amount of investments held in your account. We may do this without seeking prior instruction from you.

Your cash balance may be negative in limited circumstances. At its discretion, the Operator may permit the processing of certain transactions, including the payment of fees and other costs and/or regular payment plan withdrawals, which may bring your cash account balance into negative. In addition to this, you (via your adviser) may purchase investments using proceeds from the sale or redemption of an investment, where the sale or redemption has been made but the receipt of proceeds to your account has not been finalised. Interest will typically be charged to your cash account if your cash balance is negative at the same rate as would be credited to a positive balance. Information about using proceeds from the sale of investments to purchase other investments or to fund a regular payment plan can be obtained from your adviser.

Interest accruals

Interest accrued on your cash balance is calculated daily and credited to your account after the end of the month. Interest is calculated based on the settled cash account balance in your account and includes cash held in managed portfolios. The interest rate is displayed on InvestorHUB.

Investment transactions

Your investment instructions

Your investment instructions will be acted on once received from your adviser on your behalf.

Direct market trading allows your adviser to trade your Australian listed securities in real time directly with the stock exchange. For aggregated trading, instructions will generally be acted on within one or two business days of the instruction being received (for listed securities, managed funds and managed portfolios) and within a week for term deposits.

However, at times, execution may be delayed due to the size of the trade not meeting the minimum requirements as determined by the Operator or in circumstances beyond the Operator's control (for example, suspension of trading for specific securities, 'freezing' on certain managed

8. Operating your account

funds' redemptions, or a shortfall in the amount of cash available to cover the trade). In such cases, execution will proceed as normal once the cause of the delay has been addressed by the relevant parties.

The Operator will provide assistance for a prompt resolution whenever possible. Note also that we will have no obligation to act in accordance with instructions placed in relation to your investment strategy if we consider them ambiguous, unclear or in conflict with any applicable law, regulations or local market practice. If we believe they are not directed by you, we'll notify you or your adviser. If there has been a change or event which we have not yet informed you about but believe is an important consideration when making an investment within your account, we may be unable to immediately comply with any investment instructions we receive from you. If this happens, we will forward you the relevant information and will only execute your instructions when we believe you have received all the necessary information.

In certain circumstances, your assets can be sold down without obtaining your instructions to maintain the minimum cash balance in your account. For example, when rebalancing or reallocating occurs, we may acquire or dispose of assets in your account from time to time without any prior specific instructions. You may also authorise us to make any decisions relating to corporate actions without consulting you first. We generally do not seek your instructions in relation to corporate actions; however, we may, at our discretion, exercise certain corporate actions according to your instructions.

In situations where you cannot contact your adviser and need to instruct us, you may give us written and signed instructions directly, provided you have received all the relevant disclosure documents for your investment choice and your instructions are consistent with the IDPS Contract.

You can email or fax these instructions to us using the details specified in 'How to contact us' at the end of this section. Generally, all instructions should be given to us through your adviser.

Automatic investment plan

You can establish an automatic investment plan to trigger periodic reinvestment of excess cash in your cash account (on or around the 25th of the relevant month). A maximum limit can be set on this investment by your adviser via AdviserHUB so regular investments of a fixed amount can be made rather than investing all surplus cash. We may, at our discretion, offer additional frequencies for our automatic investment plan.

Excess cash may come from additional contributions, regular savings, income and sales from your investments. Unless you have directed your adviser to instruct us on how excess cash is to be apportioned to your current investments, it will stay in your cash account and accrue interest.

Disclosure documents for financial products are updated from time to time, so you may not have the most current version at the time you establish an automatic investment plan. You can obtain the current product disclosure statement or disclosure documents on InvestorHUB or through your adviser.

Ad hoc investment plan

For any additional contributions into your cash account, you can establish an ad hoc investment plan. This feature allows you to establish an investment plan which will invest (generally within 5 business days) any additional (ad hoc) contributions made into your cash account once the money has cleared.

Disclosure documents for financial products held through the Service are updated from time to time, so you may not have the most current version at the time you establish an ad hoc investment plan. You can obtain the current product disclosure statement or disclosure documents on InvestorHUB or through your adviser.

Automatic investment drawdown

The automatic investment drawdown allows you to specify how investment drawdowns are to be made (e.g. to meet a regular payment plan). Generally, the automatic investment drawdown occurs on or around the 3rd of the relevant month and involves selling or redeeming investments relating to your account. We may, at our discretion, offer additional frequencies for our automatic investment drawdown.

The investment drawdown options you may select are to:

- sell proportionately across all investments within your account;
- select specific investments and sell down proportionately across these only; or
- select specific investments and a percentage to sell down, or
- Other options that we may make available from time to time.

If you do not make a selection then the default investment drawdown option is to sell proportionately across the following investments and in the following order:

- 1 Managed portfolios containing Australian listed securities only
- 2 Australian listed securities
- 3 Managed funds (priced daily)
- 4 Managed portfolios containing managed funds
- 5 Managed funds (non-daily priced).

The investment drawdown option may also be used to determine which investments are to be sold down to restore your minimum cash balance requirements.

Automatic cash top up feature

To help you manage your minimum cash account balance requirements, you can opt in for the automatic cash top up feature. This feature ensures that your cash account balance automatically tops up (generally around the 25th of each month) in the event that it falls below the required minimum and involves selling or redeeming investments relating to your account. You will also have the option to ensure that any regular payments (such as regular payment plans) are also taken into account when topping up the cash account balance.

8. Operating your account

Customising investment preferences

You can also set up standing instructions in relation to investments that you do not want held in your account (whether within or outside a managed portfolio) and that are to be substituted with other nominated investments and minimum trading sizes. This allows you to better customise your account in accordance with the investment strategy that you have agreed with your adviser.

The table below sets out the different types of investment preferences you may wish to set up on your account:

Investment preference type	Description
Exclusions	<p>Your adviser (on your behalf) can instruct us to exclude (i.e. not buy or hold) particular investments within or outside a managed portfolio, or in your account. This is called setting an investment preference.</p> <p>When setting investment preferences, you may exclude a single investment or multiple investments.</p> <p>You can generally substitute that excluded investment(s) with one of the following:</p> <ul style="list-style-type: none"> • an allocation to cash, either in your cash account or to cash within a managed portfolio (where applicable) • spread the allocation that would otherwise have been to the excluded investment proportionally across the other investments held within a managed portfolio or outside (as applicable), or • with an alternative single investment¹. <p>In some cases, restrictions may apply in respect of the type of investment you can substitute for the excluded investment. For more information about these restrictions, please contact your adviser or the Operator.</p> <p>Setting up an investment exclusion in respect of managed portfolios may mean the performance you experience differs from that of the applicable managed portfolio(s).</p> <p>Additionally, where an investment exclusion applies to a managed portfolio, the investment fee (including any performance fee) that applies to the managed portfolio will be calculated by reference to the value of the managed portfolio as if the investment exclusion does not apply.</p>
Minimum trade size	<p>You may wish to set up a minimum trade size (i.e. for buys or sells) for any listed securities and/or managed fund trades in your account (within or outside a managed portfolio). Setting these minimums may reduce frequent incremental trading on your account which can result in lower transaction costs.</p> <p>Note this does not apply to trades relating to automatic investment drawdowns.</p> <p>A minimum trade size is applied per listed security or managed fund trade. If no selection is made, then the default minimum trade size when transacting outside a managed portfolio is:</p> <ul style="list-style-type: none"> • \$100 for Australian listed securities • \$250 for managed funds <p>Setting a minimum trade size per security or managed fund will generally ensure that trades of a value less than the nominated (or default) amount will not be executed (or cancelled). This includes trades that occur because of rebalancing and when trades are carried over from a previous instruction.</p> <p>Note: Setting a minimum trade size below the default minimum trade size shown above, may increase the number of trades and the transaction costs applied to your account.</p>

Before deciding to set up investment preferences on your account please speak with your adviser.

¹ This option is only available when excluding a single investment, and is subject to the approved investment list. For more information, refer to the Investment Booklet available on the product website.

8. Operating your account

Corporate actions

The custodian of the Service, HUB24, has appointed sub-custodians to hold the legal title to assets in your account on trust on their behalf.

In the case of assets held as part of managed portfolios, these sub-custodians have discretion to participate in corporate action events (including voting on resolutions put to legal holders of investments) as instructed by us, based on advice from the relevant manager(s), or in the case of some index managed portfolios, as instructed by us based on the way the index manager has implemented the event in the index. Neither we nor the manager(s) take into account your individual objectives, financial situation, needs or circumstances when exercising these rights.

Where you have investments that are held outside managed portfolios or waiting to be transferred into or out of the Service (via an in specie transfer), we may inform your adviser if there is a corporate action, such as rights entitlements and share purchase plans. You must direct your adviser to instruct us on the corporate action and we will process this according to your instructions (where applicable).

Any benefits (that are calculated on a per security basis) we receive on the investments we hold are apportioned to all investors in proportion to their investment holdings.

For certain corporate events (e.g. capital raising events such as rights issues and share purchase plans) we can provide access to the relevant offer documents or inform you where you can obtain these documents. The managers of your managed portfolios are able to participate in these events using the discretionary powers you have granted them. If you have any concerns, you can contact your adviser for guidance or additional information.

Participation in certain corporate actions may be restricted for legal or other reasons at the discretion of the Operator; for example, non-residents may not be able to participate in corporate actions for certain Australian listed securities.

As you are not the registered holder of assets in your account, you generally do not have voting rights (nor the right to proxy voting) at meetings of members of the relevant entity of which you hold a beneficial interest. The Operator has a voting policy setting out our approach to voting in relation to listed securities and other investment products available for investment under the Service. You can access this voting policy on the product website ioof.com.au/forms. To request a paper copy of the voting policy, please contact us on 1300 319 363. We may amend this policy from time to time.

Trade notifications

If any trading activity (such as a rebalance or reallocation) is to be performed on your investments, or if you have made specific investment preferences to your account, your adviser and/or the Operator may send you an email notifying you of a set of pending investment instructions. This is called a trade notification. Details of these investment instructions will be set out on InvestorHUB.

Adviser trade notifications

You can ask your adviser to cancel these pending investment instructions within the agreed timeframe. If you do not respond or take any action in relation to the pending investment instructions, your adviser will proceed and submit the investment instructions.

If you cannot contact your adviser to cancel the pending investment instructions, you can give us verbal and/or written instructions directly, as long as they are received within the agreed timeframe from the time and date of the trade notification.

Your adviser may rebalance or reallocate your account regularly and you may receive a trade notification from your adviser each time a rebalance or reallocation occurs.

Note: This trade notification feature may or may not be used by your adviser and depends on your investment strategy. The trade notification feature was developed to provide transparency and the right to veto any pending investment instructions within the agreed timeframe with your adviser.

You and your adviser can agree to the implementation of this feature. If you agree to use this feature, your adviser will generally document in your Statement of Advice (SOA) the agreed timeframe for you to act to cancel a pending instruction. Please speak to your adviser for more information.

Providing data electronically to a third party

You can authorise the Operator to provide current and historical account and transactional data for your account by electronic file to a third party, such as a self-managed super fund administrator. This streamlines the provision of data by eliminating the need to re-enter data into another system. For this purpose, data may be provided to a software vendor which then provides it to your nominated third party. The software vendors we currently have arrangements with are located in Australia and store client data in Australia. They may, however, also have offices offshore. For example, India and the Philippines.

8. Operating your account

How we keep you informed

InvestorHUB

InvestorHUB is easy to use and gives you access to valuable resources and information about your investments. The table below summarises how you can monitor your account using InvestorHUB. If you cannot access InvestorHUB, please contact your adviser.

Communications	Purpose
Welcome email	Contains your account number, unique CRN and details how to log in and make contributions to your account.
Daily valuation, cash account balance, transaction reports*, investment performance, and income and dividends reports	Ongoing reports that you can generate online at any time.
Quarterly reports	Provides a quarterly summary of your transactions and investment details.
Annual tax statement	Provides a summary of the annual tax position of your investments to assist you in completing your tax returns.
Annual investor statement	Provides an annual summary of your transaction and investment details. This will be made available to you within three months of the financial year end and may be obtained on InvestorHUB or through your adviser via AdviserHUB.
Annual audit report of investor statements	Informs you of the audit of internal controls we have in place to ensure the accuracy of investor statements.

* Restrictions may occur with some investments, in particular managed portfolios.

Publishing and notification of disclosure documents

We may make disclosure documents available to you electronically. These disclosure documents may include financial services guides, important update notices, on-going disclosure of material changes and periodic statements.

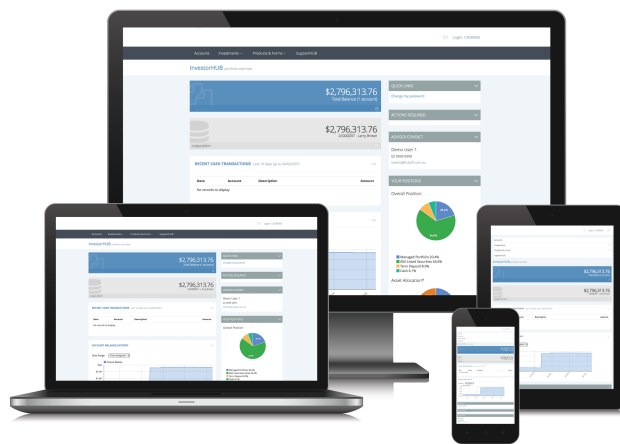

8. Operating your account

Your InvestorHUB mobile app

Our platform is fully compatible and accessible via popular mobile and tablet devices. With the flexibility of accessing your account anytime, anywhere, our mobile app allows you to keep track of and monitor your investments.

You can:

- view details of your account holdings, including asset allocation
- access a full list of investment options, including up-to-date valuations and performance graphs
- view important notifications from us
- update your contact details, and
- download all reports including your Annual Tax Statement and Annual Investor Statement.

InvestorHUB, your online portal gives you real time access to information and notifications about your investments 24/7.

How to contact us

If you need help regarding the Service, you should first speak to your adviser. You can also contact us by:

Email: rhythm@hub24.com.au

Phone: 1300 319 363

Mail: GPO Box 529, Sydney NSW 2001

9. Tax

The Australian taxation system is complex and different investors face different circumstances.

We do not give tax advice and we recommend that all investors seek professional taxation advice from a tax adviser appropriate to their own circumstances before investing in the Service.

The following information assumes:

- you're an Australian resident for taxation purposes
- you hold the investments on capital account (i.e. you're an investor rather than a trader). Accordingly, you may qualify (depending on the type of taxpayer you are) for a CGT discount on gains made on the disposals of assets held for more than 12 months
- you're not subject to the Taxation Of Financial Arrangements (TOFA) regime
- you have not made an election out of the 12 month rule in relation to short-term foreign exchange transactions.

In addition, the tax treatment described in this section doesn't apply if you hold the assets on revenue account, as trading stock or as part of a profit-making undertaking or scheme. Approved non-resident investors for taxation purposes investing in the Service must carefully consider Australian withholding and other taxes, duties and charges.

You remain the beneficial owner of the assets in your account. This means you're directly liable for tax payable in relation to those assets.

We will provide you with the relevant information in your annual tax statement to help your tax adviser determine your tax liability and complete your tax return.

You should be aware that all comments in the IDPS Guide about tax and on your annual tax statement are based on our understanding of taxation law at the date of preparing the IDPS Guide or tax statement. You should be aware that laws and interpretations of those laws may change at any time.

Tax rules in other countries may be significantly different from those in Australia. If you are investing in a foreign jurisdiction, we recommend you consult your tax adviser about the impact this may have on your personal situation.

Capital gains tax (CGT)

Disposal of investments in your account may arise from your decision to make a withdrawal or switch from an investment option or from investment decisions made by a manager making changes to their portfolio or fund. A disposal may result in you making a gain or loss on your investment.

The gain or loss will be taxed according to whether the investor held the investments and made the disposal on 'capital account' or on 'revenue account'. Disposals on capital account are taxed under the CGT rules. Disposals on revenue account are taxed as ordinary income. Whether disposals are taxed on capital or revenue account will depend on the investor's specific circumstances. Investors are advised to seek independent professional tax advice to determine whether the investor will be taxed on capital account or revenue account. As noted above, we assume that all investments are held on capital account and taxed under the CGT rules.

Capital gains are taxable to you as assessable income, subject to the application of concessions and exemptions. Capital losses you make may be offset against capital gains made in the same year. If no capital gains are made in that year, the losses may be carried forward to be offset against capital gains made in future years.

We prepare tax reports assuming you offset these capital losses against any gains within your account in the Service, but we do not take into consideration any prior year carry-forward capital losses or any gains outside the Service.

A discount may apply for capital gains made on asset realisation where the assets were held for at least 12 months prior to being sold. The discount depends primarily on the nature of the legal entity that owns the investment as follows. Please note that rates are based on current legislation and may be subject to change:

- individuals – half or 50%
- companies – 0%
- self-managed super funds (SMSF) – one-third or 33.33%
- trusts – half or 50% (other than a complying superannuation entity or other qualifying trusts).

If you acquired an asset before 21 September 1999 and transferred it into the Service, instead of applying the CGT discount, you may choose to increase the cost base of your asset by an indexation factor worked out using the Consumer Price Index (CPI). If you acquired an asset before 20 September 1985 and transferred it into the Service, gains or losses realised on the disposal of such assets may be disregarded for CGT purposes.

We allow for these complexities in the capital gains summary report, which forms part of the annual tax statement. We do, however, make a number of assumptions and simplifications when performing calculations to estimate your capital gains:

- When scrip-for-scrip rollover relief is available to investors in the case of a corporate event, we assume investors entitled to it opt for this relief
- Investors hold their investments on capital account
- Stapled securities are considered as a whole and cost bases and reduced cost bases for holdings in these securities are not decomposed into the corresponding amounts for the individual securities that make up the stapled product.

9. Tax

CGT parcel allocation

Each investment may comprise a number of parcels with a different date of purchase and cost base.

When an investment is partially sold (for example, some but not all shares are sold) you can choose which parcel to allocate the sales against. This choice is made by way of the CGT parcel allocation referred to in Section 1. You must specify the choice for your account so that calculations can be made on your account. Generally, there should be no reason to change this method if your circumstances have not altered.

The method is specified on your Application Form and defaults to the minimise gains method if no selection is made. This method works to minimise the realised gains position of your portfolio.

Other allowable methods are maximise realised gains, and 'first in first out'. The maximise gains method works to maximise the realised gain position of your portfolio. The first in first out method applies sales initially to the oldest remaining parcels. Each of these methods may have differing CGT implications, depending on your individual circumstances, and you should seek specific advice in this regard.

Tax on income

Dividends (including trust distributions) may be received to your account and income is generally assessable for tax purposes, even though it remains held within your account. Franking credits may be allocated to you in relation to this income.

Special treatment applies to Australian franking credits from New Zealand companies.

Foreign income may be subject to foreign taxes. You may be entitled to a tax credit in respect of this tax.

Withholding tax

We may only accept your application with a valid Tax File Number (TFN) (or ABN for a corporate entity). It's not a legal requirement to provide your TFN or ABN in relation to your account. However, we may be required to deduct tax at the highest marginal tax rate plus Medicare levy from all income, including interest where you do not quote an ABN or TFN, or where you don't claim an appropriate exemption from quoting an ABN or TFN.

Some countries impose specific obligations on taxpayers and any intermediaries, including by imposing a withholding tax. If this applies, tax may be withheld on income from foreign sources and is calculated as a rate of withholding tax applied to that foreign income.

The rate of withholding tax depends on the source of income and the existence (or otherwise) of a tax treaty between Australia and the country in which the income is derived.

For example, the standard withholding tax rate applicable to US sourced dividend income paid to non-US residents is 30%. Australian residents are entitled to a reduced rate of 15% under the terms of the US-Australia tax treaty but, in order to access this reduced rate, Australian residents are required to complete a form made available by the US Internal Revenue Service (IRS) known as the W-8BEN form (or the W-8BEN-E form for entities other than individuals).

Additional information pertaining to these forms can be found on InvestorHUB and on the IRS website (www.irs.gov) which also provide instructions as to how to fill them.

9. Tax

Non-resident investors

If you are a non-resident for tax purposes investing in the Service, then interest and income distributions that are paid to you from an Australian source may be subject to withholding tax. You will also be subject to the tax laws in that country.

Investors who are non-residents for taxation purposes may also be restricted from investing into certain investments, such as, managed portfolios, unless otherwise approved by us.

If you change from being a non-resident for tax purposes to becoming an Australian resident for tax purposes or vice versa you must notify us as soon as possible as special tax rules apply in cases of becoming or ceasing to be an Australian resident for tax purposes. You may also no longer be able to continue to hold or invest in managed portfolios through the Service including through the automatic investment plan or participate in certain corporate actions.

If you do become a non-resident for tax purposes and you hold managed portfolios in your account, we may require you to sell down or transfer them out of the Service.

We recommend that you speak to your tax adviser.

Exchange rates gains/losses

Exchange rates used for the purpose of converting trades, income receipts and other transactions will be advised to us by our sub-custodians and/or brokers (as applicable) and transactions will be reported in the equivalent Australian dollar amounts using these rates. The taxation treatment of any foreign exchange gains or losses that may arise as a result of this conversion will generally be folded into the taxation treatment of the transactions themselves. That is, for example, if a transaction gives rise to a capital gain assessable under the capital gains tax rules, any part of the gain that may be attributable to foreign exchange movements will be assessed as a capital gain and will not need to be reported separately. Similarly, foreign exchange gains or losses which result from conversion of ordinary income will be part of the ordinary income (if gains) or offset against it (if losses). When there are exceptions to these rules that may apply due to particular circumstances, we will inform your adviser.

Fee deductibility

Most fees charged to your account are deductible for tax purposes – the annual tax statement assumes this, with the exception of the adviser establishment fee. We assume that the adviser establishment fee is not deductible.

Brokerage costs (and stamp duty, if applicable) are added to the cost base of the investments held in your account so that they form part of the capital cost of the investment. These costs are therefore taken into account in the calculation of capital gains/losses, rather than as separate deductible expenses.

You should check your individual circumstances with your tax adviser.

GST and other government charges

Goods and services tax (GST) is payable for most fees and expenses charged to you. Unless otherwise stated, all references to fees or expenses in this IDPS Guide (Part I), the IDPS Guide (Part II), the Investment Booklet and the Application Form, are expressed as inclusive of GST and net of any reduced input tax credits (RITCs).

In the event of any change in tax laws or their interpretation which affects the rate of GST payable or RITCs that the Operator may receive, the amounts deducted from your cash account in respect of the fees or expenses applied to your account may be varied or adjusted to reflect such changes without your consent or further notice to you.

Where other government charges such as stamp duty apply, we will charge these directly to your account.

Estimated tax data

The annual tax statement will be provided as soon as possible at the end of the tax year when all data is available. Any tax reports provided to you via continuous reporting will include only estimated data.

Similarly, any tax estimates shown on reports are based on this estimated data, the CGT parcel allocation method and the marginal tax rate chosen for you, and are based solely on assets held within the Service.

You will receive a consolidated annual tax statement containing all income and capital gains information relating to your account, simplifying the process of completing your annual tax return.

10. General information

Custody and how your assets are held on trust

Custody involves holding assets on trust (i.e. on your behalf) for safekeeping.

HUB24 currently outsources most custodial functions to third party sub-custodians.

A sub-custodian holds the assets solely for HUB24 Custodial Services Ltd, as primary custodian of the Service, and is not obliged to recognise any right or interest of any other person in relation to the assets. This means that there is no direct relationship between you and the sub-custodian, and that the sub-custodian does not provide any services directly to you.

Legal title to the assets will generally be held on trust, except where the assets are located in a place outside of Australia and either the law in that place does not recognise trusts or it is not reasonable for the assets to be held on trust in accordance with the law in that place. In all cases, the Operator must ensure that it is satisfied that the assets are held in a manner that, having regard to the relevant laws, provides reasonably effective protection in case of insolvency of the person holding the property. The Operator holds its beneficial interest in these assets on trust for you.

We, HUB24 and the sub-custodians are obliged to use your assets only for the purposes permitted under the terms of the Service.

The sub-custodian will generally be entitled to be indemnified out of the assets of your account for expenses legitimately incurred by the sub-custodian in the exercise of its custodial functions. The sub-custodian may also hold a lien¹ over assets in your account in respect of such expenses (but not unpaid sub-custodial fees). This may delay the return of your account's assets or, in limited circumstances, could mean that a portion of your accounts assets may be sold by the sub-custodian to enable it to recover expenses legitimately incurred by it.

The Operator also maintains a register of the underlying holdings for each investor in the Service. Your Australian listed securities and cash holdings are held on your behalf by HUB24 as your custodian, or by any sub-custodian appointed, while you retain beneficial ownership. HUB24 reconciles their records with the sub-custodian's records on a daily basis.

We reserve the right to change the sub-custodians or custodial structure of the Service from time to time without notice, including by appointing or removing custodians or sub-custodians to hold your assets. In the event of any such change, you will remain the beneficial owner of the assets.

¹ A right to retain possession of assets pending payment of a debt, or discharge of some other obligations by the owner of the assets.

Your investment discretion

You have the sole discretion to decide what (but not necessarily when) assets will be bought or sold in your account. We can also implement directions previously given by you, for example, to buy or sell particular investments under certain circumstances. This may be communicated to us by your adviser. For further information about your investment discretion, please see your adviser, as well as the Application Form and IDPS Contract.

10. General information

Your rights in the service vs direct investments

Although you are the beneficial owner of the assets of your account, the legal interest is held by the sub-custodians. The sub-custodians receive all communications regarding your investments on your behalf, including notification of shareholder meetings, upcoming corporate events and dividend information.

If there is a corporate action, we may contact your adviser who can pass on your instructions to us. Generally, we will exercise any rights in relation to those investments, including receiving shareholder benefits such as discount cards, attending meetings or voting. The following table outlines some of the differences when you invest through the Service as opposed to directly investing in securities on your own.

Feature	The Service	Direct Investment
Legal title	The sub-custodians will be the legal owner of the assets in your account and will indirectly hold the assets on trust for you under its own name. However, you do not have a direct relationship with a sub-custodian.	You will be the legal owner of the assets in your account and the assets are held and registered under your own name.
Certain shareholder benefits	You may not receive 100% of all shareholder benefits. This is because all securities are registered in the name of a sub-custodian.	You receive 100% of all shareholder benefits. You are responsible for communicating with the share registry to receive this benefit.
Voting at shareholder meetings	As you are not the registered holder, you do not have voting rights (nor the right to proxy voting) at shareholder meetings. Refer to our voting policy on the product website ioof.com.au/forms .	You can vote at shareholder meetings as you see fit.
Managed funds	You do not become the direct unit holder in the managed funds in your account. The registered unit holder will be a sub-custodian. As such, we or the sub-custodians may exercise the rights of a unit holder or decline to exercise them. Generally, through the Service, you may access managed funds that you may not have been able to directly (for example, due to high contribution amounts). Wholesale fees can be significantly cheaper than the retail fees you would pay if you invested in each managed fund directly.	You are the direct unit holder.
Cooling-off period for return of security	Cooling-off rights generally do not apply to investments acquired through the Service.	Provided you are a retail client, cooling-off rights will apply to certain investments only (i.e. managed funds).
Investor communications	Upon request, we will give you (or your adviser) a copy of all communications that we are required by law to provide to the holder of an investment.	Providers of the particular investment will communicate with you directly.
Withdrawal rights	As you are not the registered holder, any withdrawal rights that may arise will be communicated via the sub-custodians to the Operator, who holds all relevant withdrawal rights. These rights may differ due to the Operator's status and depending on whether the Operator was provided with a PDS or other disclosure document for the purposes of investing on your behalf. Please note that withdrawal rights for an accessible investment may not be available if the relevant PDS or disclosure document becomes defective before issue of the investment. As you are not the registered owner of the investment, if the relevant PDS or disclosure document becomes defective before issue of the investment, the product issuer would not be required to return the investment to you or provide you with other options such as notification of an option to withdraw under s724 (for disclosure documents) or s1016E (for PDSs) of the Corporations Act. Where practicable, we will notify you or your adviser of any option to withdraw and make available any accompanying disclosure documents as soon as possible. If we do so and you wish to exercise any withdrawal option, we'll generally act on any instructions received.	The issuer of the investment will communicate with you directly regarding any right you may have to withdraw from the investment, including statutory rights where there is a defective product disclosure document.

Information from underlying investments

The sub-custodians hold the investments in your account and receive all communication from the issuers of the securities in your account. You can request a copy of these communications from us. We will provide them to you on InvestorHUB or you can obtain them from your adviser via AdviserHUB as soon as practicable.

Compliance

We maintain a compliance framework that is designed to ensure the Service complies with all relevant legislation (including the Corporations Act) and regulatory guidelines.

The Operator has also established a Risk & Compliance Committee. A primary function of the Risk & Compliance Committee is to oversee the Operator's compliance with its legislative and regulatory obligations. This includes holding regular Risk & Compliance Committee meetings at which

10. General information

it considers risk and compliance matters. The Risk & Compliance Committee reports and makes recommendations to the Board as it considers appropriate.

Audited annual investor statements

Audited annual investor statements will be available within 90 days of 30 June each year and may be obtained on InvestorHUB or through your adviser via AdviserHUB. You may also request a hard copy of the audited annual investor statements by writing to us.

Privacy

In this section, 'we', 'us' and 'our' refers to the Operator and the Administrator.

Your personal information is important to us.

The Operator and Administrator collect your personal information to:

- assess your application and establish your account;
- administer your investments;
- provide the products and services that you have requested;
- communicate with you in relation to your investments;
- administer our products and services;
- give you access to investor areas of the Administrator's website;
- manage our relationship with you, including discussing issues with you, establishing and maintaining records in relation to your investments and providing regular statements, reports and communications to you;
- let you know about our other products and services that we think may be of interest to you;
- conduct product or service development, quality control or other product research;
- meet our legal obligations under the *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (Cth) ('AML/CTF Act') and the Corporations Act;
- comply with taxation and other applicable laws.

We collect this information through our interactions with you, as well as in some instances from your financial adviser or your other authorised representatives, your organisation, public sources and reliable information verification services such as electronic identity and document verification services. We may also verify information collected.

If we do not collect your personal information, we may not be able to process your application, provide you with the services you have requested or administer your investments. It is important that you advise us as soon as possible of any changes to your personal information. Also, if you give us personal information about any other individuals (e.g. directors or trust beneficiaries), it is your responsibility to ensure they are aware of this privacy section.

In order to provide you with the services you have requested, we may disclose your personal information and other information you have provided to us to third parties including:

- your nominated financial adviser and their licensee (including any replacement financial adviser or licensee), unless you instruct us otherwise in writing;
- your personal representative, attorney or agent (but only with your written consent);
- the responsible entity of any scheme you choose to invest in, including the HUB24 Managed Portfolio Service, and their service providers;
- our related bodies corporate;

- our outsourced service providers, including those who assist us with custody, data storage and archiving, auditing, accounting, customer contact, legal, business consulting, identity and document verification (electronic or otherwise), banking, information technology services, data analysis or research;
- Australian and overseas regulatory authorities and law enforcement agencies where required or authorised by law. For example, if required by law, your personal information may be disclosed to the ATO or to foreign tax authorities such as the IRS in the USA and other tax authorities in other foreign jurisdictions. Your personal information may also be provided to other regulatory authorities (e.g. ASIC);
- financial institutions and other similar organisations that we deal with in the course of our corporate activities or that you have nominated;
- other third parties on your behalf for the purpose of establishing and administering your investments with us;
- to comply with a court order or in conjunction with court proceedings.

Other than as set out above, your personal information will only be disclosed to third parties if:

- you have consented;
- you would reasonably expect us to disclose information of that kind to those third parties and the purpose of the disclosure to the third party is related to the purpose for which we collected the information; or
- we are authorised or required to do so by law, or it is necessary to assist with law enforcement.

The Privacy policies of the Operator and Administrator contain information on how your personal information is collected, held, used and disclosed, the people with whom we may exchange your information, and your right to request access, correct the information we hold and how to make a complaint about a breach of the Australian Privacy Principles and how we deal with such a complaint.

The Operator's privacy policy can be found at www.ioof.com.au/privacy.

The Administrator's privacy policy can be found at www.hub24.com.au/Privacy.

Our outsourced service providers are generally located within Australia but may, from time to time, be located in foreign jurisdictions. For example, currently the Administrator's customer management system provider is located in the USA and also operates in the European Union.

We take reasonable steps to ensure that any recipients of your personal information comply with Australian privacy law and do not breach the privacy obligations relating to your personal information.

We may use your information to tell you by telephone, electronic messages (like email), online and other means, about other services and products offered or promoted by us. We may do this on an ongoing basis, but you may opt out at any time.

If you wish to update or request access to your personal information, obtain a copy of our Privacy Policy or raise any queries or concerns regarding privacy, please contact:

10. General information

HUB24 Custodial Services Ltd
GPO Box 529
Sydney NSW 2001

Anti-money laundering/Counter-terrorism financing

In accordance with the *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (Cth) and supporting AML/CTF Rules, we are required to collect personal information to identify our customers and to verify any documents. Each applicant and third party on the Application Form must ensure they meet the identification requirements outlined in the AML/CTF Act. Each applicant (and third party) is required to provide identification records as requested. If you do not provide the requested identification there will be a delay in processing your account opening, or possible suspension of an opened account.

From time to time, we may require additional information from you to assist in this process.

Under the provisions of the AML/CTF Act, we may be precluded from providing a designated service in certain circumstances.

In complying with obligations related to the AML/CTF Act, there may be instances where transactions are delayed, blocked, frozen or refused. This could occur where reasonable grounds are established that the transaction breaches Australian law or sanctions, or the law or sanctions of any other country.

Where transactions are delayed, blocked, frozen or refused, we are not liable for any loss you may suffer (including consequential loss) as a result of our compliance with the AML/CTF Act as it applies to the Service.

By completing the Application Form, you agree that:

- you are not making an application for investment in the Service under an assumed name
- any money used by you to invest in the Service is not derived from and/or is related to any proceeds that will be used for any criminal activities
- you will provide us with additional information we reasonably require for the purpose of the AML/CTF Act, and
- we may obtain information about you or any beneficial owner of an investment from third parties if we believe this is necessary to comply with the AML/CTF Act. Where documentation provided is not in English, an English translation must be provided by an accredited translator (who is accredited by the National Accreditation Authority for Translators and Interpreters Ltd at the level of Professional Translator or above).

We have certain legal obligations to disclose gathered information to regulatory and/or law enforcement agencies, including AUSTRAC.

We have reporting obligations in relation to the AML/CTF regulatory regime and must report certain matters to AUSTRAC. Under the “tipping-off” prohibition, these requirements may prevent us from informing you that any such reporting has taken place.

Investor identification requirements

Proof of identity

When lodging an Application Form, you or your adviser must complete the Investor Identification Form to complete your identity verification in accordance with AML/CTF Act and tax requirements (refer to ‘Foreign Account Tax Compliance Act’ and ‘Common Reporting Standard’ below). These forms can be obtained from your adviser through AdviserHUB.

We may rely on advisers to verify the identity of their clients in accordance with the AML/CTF Act. The Application Form requires you to attach the Investor Identification Form completed by your adviser as part of their verification of your identity.

Unless requested, we do not require original documents or certified copies used by the adviser to verify your identity.

Electronic client identification

To streamline our client identification processes for the purpose of the AML/CTF Act, we may introduce electronic client identification. We may use a credit reporting agency (CRA) for this purpose.

In this case we would request the CRA to conduct a matching process between your personal information provided to it by us and the personal information held on its own files. The personal information that may be provided to the CRA is limited to an individual's name, residential address, date of birth and any other information permitted by law. The CRA then provides an assessment to us of the outcome of the validation process. The CRA may only use the personal information about the relevant individual and personal information held by it, that is the names, residential addresses and dates of birth of other individuals, for the purpose of preparing such a report. We would only use the assessment of whether the personal information matches (in whole or in part) the personal information held by the CRA to assist in verifying the relevant individual's identity.

If the attempt to verify an individual's identity by the CRA is unsuccessful we would notify you in writing. We and the CRA are also required to retain information about verification requests and assessments for seven years from the date of the request for CRAs and for seven years after ceasing to provide designated services to the relevant individual, for us. At the end of these periods, we and the CRA are required to delete these records. CRAs are also required to keep information about verification requests separate from the individual's credit information file. Prior to using any CRA to undertake this service, the relevant individual's consent to this disclosure and use will be obtained. We will notify investors prior to introducing this process via InvestorHUB.

Where an individual does not consent to our appointed CRA assisting in relation to the verification of the individual's identity, we will rely on the individual's adviser or our own verification of their identity.

Document verification

We may also check the validity of any government issued identity document (ID Document), such as your passport or drivers licence, that you provide for identity verification purposes. For this purpose, we may provide your personal information and a copy of the ID Document or the information in it to our service provider who will use it to access the Australian Government's document verification service (DVS). This process involves making a match request in relation to the relevant record holder information and then a corresponding information result will be provided to us via our service provider's system.

10. General information

If you do not provide the relevant ID Document when requested, or it is not verified by DVS, we may not be satisfied as to your identity and, as a result, we may not be able to process your application. You will be asked to consent to the use and disclosure of your personal information, any ID Documents or details in them for this purpose and to confirm that you are authorised to provide those documents or details when you complete the Application Form.

Nominated representatives

We are also required to verify the identity of legal representatives and agents appointed by you to act on your behalf. We will not act on the instructions of a nominated legal representative or agent until such time as we verify the identity of that representative or agent. Nominated legal representatives include, but are not limited to, executors of estates, attorneys (appointed under power of attorney) and nominated representatives.

We may request a CRA to assist in the verification of the identity of that representative or agent – see above under the heading ‘Electronic client identification’ for information about identity verification by a CRA.

Foreign account tax compliance Act (FATCA)

The *Foreign Account Tax Compliance Act* (‘FATCA’) was enacted by the US Congress in March 2010 to improve compliance with US tax laws. This act imposes obligations on non-US financial institutions to identify and report to the US Internal Revenue Service (IRS) information on financial accounts held by US residents and citizens and certain entities with US controlling persons (US Reportable Accounts).

On 28 April 2014 Australia and the US signed an intergovernmental agreement (IGA) to assist in the facilitation of FATCA for Australian Financial Institutions. Following this, legislation was enacted in Australia so that FATCA is part of Australian tax law and commenced on 1 July 2014. Under the terms of the IGA and legislation, Australian Financial Institutions are required to identify and report some specific information on US Reportable Accounts to the ATO, which passes that information onto the IRS.

These obligations have an impact on the way we manage your account. For example, on the opening of a new account, we are required to collect additional information in order to ascertain whether your account is a U.S. Reportable Account under the FATCA laws.

Similarly, we also need to ascertain whether existing clients, at the time of implementation of FATCA in Australia (and subsequently to that) are also US Reportable Accounts.

There are also withholding tax obligations imposed on Australian Financial Institutions in relation to US-sourced income. Although these obligations pre-date the implementation of FATCA, certain changes introduced by the FATCA laws impact on the way that Australian Financial Institutions comply with them.

If you do not provide the required information or forms, you may be subject to FATCA withholding on US-sourced income. Further, we may be required to include you in the FATCA report to be lodged with the ATO. Refer to Section 9: Tax, under ‘Withholding tax’ for more details.

Common reporting standard

The Common Reporting Standard (CRS) is a global reporting standard for the Automatic Exchange of Financial Information developed by the Organisation for Economic Co-operation and Development (OECD).

To comply with CRS, we will be required to collect information from you to identify if you are also a tax resident of any other jurisdiction(s). For non-individual accounts, we also need to identify your entity type for CRS and whether any controlling persons are foreign tax residents. Penalties can apply if you fail to provide the information or provide false information.

We will report information on CRS reportable accounts to the ATO, which may then exchange that information with the tax authorities in relevant jurisdictions.

Wholesale clients

The Service is available to retail, wholesale and sophisticated clients. We may (but are not obliged to) accept certain wholesale clients directly, who do not have an adviser. In this case, the IDPS Guide (Part I and Part II) and the IDPS Contract’s provisions (such as adviser-related information) will not apply to you. Refer to the Operator and the IDPS Contract for further details.

To comply with the requirements of the AML/CTF Act, if you directly apply to invest in the Service (that is, not through an adviser) you must complete the Investor Identification Form and submit it together with the Application Form and your certified identification.

We may restrict certain underlying investments to investors who qualify as wholesale or sophisticated clients only. If you want to invest in these restricted underlying investments you will need to provide us with such further documentation, we request from you to demonstrate, to our satisfaction, that you qualify as a wholesale or sophisticated investor.

Individual fee arrangements and service providers

We may enter into commercial arrangements with service providers, which may involve us making payments — and providing services — to these providers in return for promoting the Service. These payments are paid by us and are not an additional cost to you.

What we do in the event of your death

In the event of your death:

- Your account will remain open and we will continue to deduct applicable administration fees and other relevant costs until your death benefit is paid, at which time your account will be closed.
- Any fees payable to your adviser or your adviser’s licensee group (outlined in the IDPS guide) will cease upon notification of your death.
- On the subsequent confirmation of your death once the required documents have been received, we will claim back from your adviser or adviser’s Licensee, any adviser fees that were paid after the date of your death, and refund these to your cash account.
- When we receive notification of your death, all automated investment plans and regular payment plans will cease.

Please note, some adviser fees and investment plans may continue after the death of one of the account holders for certain account types. Please contact your adviser for more information.

Electronic signatures

When applying to open your account, complete forms, provide us with instructions or other documents, you may be asked to provide a digital or electronic signature. We may at our discretion accept other methods of signing. We reserve the right to refuse any application or other document which has not been signed in a manner required by us. We

10. General information

may rely on outsourced providers of digital or electronic signature services. We will not accept any liability to you in respect of your use of these services.

Conflicts of interest

As IISL is a large financial institution that participates in both domestic and international markets, both real and perceived conflicts of interest may arise when adding to or removing options from the list of available investments. For example, IISL acts as the responsible entity for a number of investments on our menu. We have policies as to how conflicts are managed and these policies apply to the investment selection process. The same selection process is applied in selecting both related and unrelated managed investments to the menu.

Complaints

How we deal with complaints

We take complaints seriously as they give us information about how we can improve our services to you. We have an internal complaints handling policy that you can access by contacting us on 1300 319 363.

Internal complaints resolution process

If we cannot resolve your complaint immediately, we will try to resolve it as quickly as possible. Each complaint or dispute is logged in our complaints register and assigned to an appropriate person to resolve.

If your complaint relates to the operation of the Service, please contact our Complaints Officer at:

Email: complaints@hub24.com.au

Mail: HUB24 Custodial Services Ltd

GPO Box 529, Sydney NSW 2001

If your complaint relates to the advice you received from your adviser in relation to the choice of investments or your investment strategy, we recommend you discuss the issue with your adviser or refer to the complaints section of your adviser's Financial Services Guide.

If your complaint relates to specific investments, you may be able to raise the complaint directly with the issuer of the investment product. You can contact us if you wish to confirm whether this is the case for the specific product to which the complaint relates.

External complaints resolution process

You have the option to lodge a complaint with the Australian Financial Complaints Authority (AFCA) directly rather than lodging a complaint with us. Otherwise, you can also lodge a complaint with AFCA if you are not satisfied with our response or if your complaint has not been resolved within the maximum timeframe prescribed by ASIC's Regulatory Guides (RG271). AFCA provide a fair and independent financial services complaint resolution process that is free to consumers.

IDPS CONTRACT

This agreement is made between the Operator ("ISL", "us", "we", "our") and each applicant named in the application form ("you" or "your" as the context requires), together referred to as the "parties".

1. DEFINED TERMS AND INTERPRETATION

1.1 DEFINED TERMS

In this agreement the following words have the following meanings unless the context requires otherwise:

accessible financial products Financial products (including, any interest in a Scheme, but excluding any securities) that may be held through the Service.

accessible investments Assets or property that may be held through the Service, including accessible securities and accessible financial products.

accessible securities Securities that may be held through the Service.

account An IDPS account offered by the Service and opened in accordance with this agreement.

Act The *Corporations Act 2001* (Cth).

adviser The financial adviser nominated by you in your application.

advice licensee The AFSL holder your adviser is authorised to represent.

affiliate Our:

- a. representatives;
- b. related bodies corporate; and
- c. representatives of our related bodies corporate.

AFSL An Australian financial services licence.

aggregated trading facility The facility offered through the Service through which we can receive instructions to combine your order with other orders, net and execute transactions in quoted securities, through our default broker, on a weighted average price basis.

agreed timeframe The time and date by which you're required to respond to a trade notification. The trade notification may be sent to you by your

adviser (if you have one), in which case the agreed timeframe is what you agree with your adviser is a suitable period of time to respond to the trade notification. Trade notifications may also be sent to you by the Service in relation to one or more managed portfolios in which you're invested, in which case the agreed timeframe is the period identified in the disclosure documentation for that portfolio.

application form The application form completed by you that accompanies this agreement or the IDPS Guide.

Assets All assets in your account, including cash, accessible securities and accessible financial products.

ASIC The Australian Securities and Investments Commission.

broking agreement An agreement between you and your broker, pursuant to which your broker provides you with execution, clearing and settlement services with respect to your transactions.

business day A day that is not a Saturday, Sunday, bank holiday or public holiday in New South Wales, Australia.

Class Order The relevant ASIC Class Order in relation to IDPSs, Class Order [CO 13/763], and any other legislative instrument that governs the provision of the Service.

Custodian Any person appointed from time to time to hold assets directly or indirectly on your behalf.

default broker A market participant or executing broker we engage to execute transactions in quoted securities.

DMT facility The facility offered through the Service through which we receive instructions to place orders to execute transactions in quoted securities on your behalf in real time through our default broker at a specified price or prevailing market price.

fees The fees set out in the IDPS Guide.

FSG The financial services guide issued by us in respect of the Service.

financial year Each period not exceeding one year, ending on 30 June and commencing on 1 July.

geared account An account holding investments in the Service, which has been funded pursuant to a standard facility margin loan agreement. This account may be in your name or the name of your margin lender depending on the margin loan agreement.

IDPS An Investor Directed Portfolio Service as defined in the Class Order.

IDPS Guide The IDPS Guide for the Service.

instructions Instructions given to us by you, or via your adviser (if applicable), in accordance with this agreement and in particular clauses 16 (Instructions) and 17 (Trading in quoted securities) of this agreement.

investment choice An accessible investment that we determine, from time to time, may be acquired or held through the Service.

investment portfolio The accessible investments held by us, or by a Custodian, on your behalf in relation to your account.

investment strategy The investment strategy your adviser has prepared for you, and you have agreed to, or (if you do not have an adviser) your investment strategy.

InvestorHUB The online service that gives you real-time access to information and notifications about your investments 24/7.

loss A claim, damage, loss, expense, cost or liability of any kind that the person concerned incurs, however it arises and whether it is present or future, fixed or unascertained, or actual or contingent.

managed portfolio Refers to a portfolio of investments constructed and maintained on the advice of the relevant manager within a Scheme.

manager A manager who manages or provides advice on the composition of one or more managed portfolios.

margin lender A margin lender, including any nominee(s), that provides margin lending facilities to investors in connection with the Service.

margin loan agreement An agreement between you and a margin lender, pursuant to which the margin lender provides a margin loan for contribution to a geared account in the Service.

Operator means IOOF Investment Services Ltd (ABN 80 007 350 405, AFSL 230703).

quoted securities Accessible investments which are able to be traded on a financial market or exchange which may include a foreign market or exchange.

reallocate The process of changing the exposure to different asset classes and investment choices across different sectors and industries within the managed portfolio, by adding or removing specified investment components.

rebalance The process of comparing the composition of a managed portfolio with the composition of each client's investments in that managed portfolio. Where there is a difference of asset allocation percentages between the two, transactions are generated to bring the client's investments in the managed portfolio in line with that of the managed portfolio advised by the relevant manager.

related body corporate has the meaning given in the Act.

reports The reports and information that we will provide to you as set out at clause 19 (Investment reports and communications).

representatives An employee, officer, agent, contractor, or other person engaged or appointed by us (including without limitation our default broker).

securities Has the meaning given in section 92 of the Act.

Service The IDPS provided by us to you pursuant to this agreement, the IDPS Guide and the application form.

Scheme means any non-unitised registered managed investment scheme that the Operator makes available through the IDPS and will include (but is not limited to) the HUB24 Managed Portfolio Service (ARSN 645 033 941).

wholesale client has the meaning given in the Act.

trade notification A notification of a pending investment transaction in relation to your account.

your broker A market participant or executing broker appointed by you and approved by the Operator to execute transactions in quoted securities on your behalf.

1.2 INTERPRETATION

In this agreement, except where the content otherwise requires:

- a. the singular includes the plural and vice versa, and a gender includes other genders;
- b. another grammatical form of a defined word or expression has a corresponding meaning;
- c. a reference to a document includes the document as novated, supplemented, replaced or otherwise altered from time to time;
- d. a reference to a party to a document includes the party's executors, administrators, successors and permitted assigns and substitutes;
- e. references to a person includes a natural person, partnership, body corporate, association, governmental authority or other entity;

- f. a reference to law includes regulations and other instruments under it and amendments, re-enactments or replacements of any of them;
- g. a word or expression defined in the Class Order has the meaning given to it in the Class Order; otherwise a word or expression defined in the Act has the meaning given to it in the Act;
- h. the meaning of general words is not limited by expressions like “including”, “for example” or “such as”;
- i. any agreement, representation, warranty or indemnity by two or more parties binds them jointly and severally; and
- j. a rule of construction does not apply to the disadvantage of a party because the party was responsible for preparing this agreement or any part of it.

Headings are for ease of reference only and do not affect interpretation.

2. AGREEMENT

If we accept your application form, then we agree to provide you with, and you agree and authorise us to provide you with, the Service in accordance with, and you agree to be bound by, this agreement, the IDPS Guide and the application form. To the extent of any inconsistency between the following documents, the following order of precedence will apply:

- a. the Class Order;
- b. the terms of this agreement;
- c. the terms of the application form;
- d. the terms of the IDPS Guide.

3. OUR OBLIGATIONS AND RIGHTS

3.1 OUR OBLIGATIONS

We must:

- a. perform our obligations under this agreement honestly and with the degree of care and diligence that a reasonable person would exercise if it was in our position;
- b. subject to clause 21.1, compensate you for any loss incurred by you because of any acts or omissions of our agents engaged in connection with the Service as if the acts or omissions were acts or omissions of us;
- c. comply with the conditions of the Class Order;
- d. comply with instructions which are in accordance with your investment strategy provided by your adviser (or by you, if you do not have an adviser) subject to other provisions of this agreement;
- e. maintain at all times professional indemnity insurance and insurance covering fraud by our

officers and employees that is adequate having regard to the nature of the activities carried out by us; and

- f. maintain business continuity arrangements that are reasonable for a business of the nature, scale and complexity of our business.

3.2 OUR RIGHTS

We have all rights necessary or convenient for us to provide the Service, including:

- a. to determine and vary the investment choices and managed portfolios available through the Service; and
- b. to specify and vary procedures in relation to the Service, including in relation to acquiring, investing, redeeming, selling, transferring, disposing of or otherwise dealing with investments in relation to your account.

4. INVESTMENT STRATEGY IMPLEMENTATION

- a. Subject to clause 4(b), you authorise us to, and we will exercise any rights relating to your assets in any manner we may see fit to provide the Service and comply with this agreement, which may include to:
 - i. purchase, sell, subscribe for, apply for, transfer, redeem or otherwise deal with any asset on your behalf in order to rebalance or reallocate a managed portfolio, or to maintain the minimum cash balance in your account, as set out in the IDPS Guide and any instructions given to us by you or your adviser;
 - ii. process receipts (such as dividends) and payments in relation to your account;
 - iii. net off dealing in assets as explained in the IDPS Guide;
 - iv. sign and execute all forms, deeds, transfers and other instruments necessary to operate, maintain and administer your account;
 - v. attend any meeting convened and exercise any rights attached to any assets, including voting, accepting or rejecting any takeover bid;
 - vi. participate, refrain from participating or cease to participate in any dividend or distribution reinvestment plan relating to any assets in your account, or
 - vii. exercise or not exercise any option held or granted, without prior consultation with you or your adviser,

as if we were the absolute legal and beneficial owner of the assets.

- b. We must exercise discretion over your assets consistently with the investment strategy.
- c. We may assume that you have an investment strategy, and that any instruction given to us by you

or your adviser is in accordance with your investment strategy.

- d. While we will use reasonable endeavours to ensure that instructions are followed, we may not be able to do so in all situations and therefore it is not intended that your instructions or investment strategy will be binding on us.

5. INVESTMENT SERVICES

5.1 ACQUISITION AND INVESTMENT OF ACCESSIBLE INVESTMENTS

We will acquire or invest in accessible investments on your behalf on the terms of this agreement:

- a. in accordance with specific instructions received by us, providing the accessible investments are included in the investment choices; or
- b. at our discretion in accordance with clause 5.4 (Our discretion).

5.2 REDEMPTION, SALE AND TRANSFER OF ACCESSIBLE INVESTMENTS

We will redeem, sell, transfer or otherwise dispose of accessible investments held in your investment portfolio on the terms of this agreement:

- a. in accordance with specific instructions received by us;
- b. where an investment option is terminated or removed as an investment choice; or
- c. at our discretion in accordance with clause 5.4 (Our discretion).

5.3 DEPOSITS WITH ADIS

We will ensure that all money received by us from you, or in which you have an interest, is paid into an account with Australian authorised deposit-taking institutions, as appointed by us from time to time, and held on trust:

- a. pending acquisition of or investment in another accessible investment, or payment to you following the redemption, sale, transfer or disposal of an accessible investment;
- b. in accordance with specific instructions received by us; or
- c. at our discretion in accordance with clause 5.4 (Our discretion).

5.4 OUR DISCRETION

We may deal with accessible investments (including acquiring, investing in, redeeming, selling, transferring or otherwise disposing of accessible investments) without specific instructions:

- a. in accordance with previous instructions received by us that have not been withdrawn, including by

making regular investments in or withdrawals from, or adjusting, rebalancing or reallocating investments in, accessible investments in your investment portfolio;

- b. to maintain any agreed minimum cash or cash equivalent investments;
- c. to meet any amount due to us under clause 20 (Fees and expenses);
- d. to fund obligations in relation to any of your managed portfolio investments in a Scheme, or
- e. in accordance with applicable laws.

5.5 WARNING — KEY DIFFERENCES IN ACQUIRING FINANCIAL PRODUCTS THROUGH THE SERVICE

You acknowledge and agree the following key areas of difference between acquiring a financial product through the Service as against acquiring the financial product directly:

- a. The registered owner of the financial products you hold through the Service is either the Operator or a Custodian (as applicable). The Operator, as the primary custodian of the Service, holds the financial products on trust for you and, in turn, may appoint one or more Custodians who hold such financial products for the Operator.
- b. You may not receive 100% of all shareholder benefits in respect of shares you invest in through the Service.
- c. As you are not the registered holder of shares you invest in through the Service, you do not have voting rights (nor the right to proxy voting) at shareholder meetings.
- d. The registered unit holder of managed funds you invest in through the Service will be a Custodian. As such, we or the Custodian may exercise the rights of a unit holder or decline to exercise them.
- e. You may be able to access managed funds through the Service at a lower fee rate than would be applicable if you invested in the managed fund directly.
- f. Cooling-off rights generally do not apply to investments acquired through the Service.
- g. You will not receive investor communications in respect of financial products you invest in through the Service directly. Upon request, we will give you (or your adviser) a copy of all communications that we are required by law to provide to the holder of an investment.

Further information about these differences is set out in the IDPS Guide.

6. FUNDING OF ACCESSIBLE INVESTMENTS

- a. You must ensure that there are sufficient monies in your account or cash equivalent accessible

investments in your investment portfolio to finance acquisitions of, or invest in accessible investments, in accordance with instructions provided to us from time to time.

- b. If there are insufficient monies in your account or cash equivalent accessible investments in your investment portfolio to finance acquisitions of, or investments in accessible investments in accordance with instructions provided to us from time to time, we:
 - i. are not obliged to acquire or invest in such accessible investments; and
 - ii. may, at our discretion, acquire or invest in some, all or none of such accessible investments.

7. LEGAL REQUIREMENTS PRIOR TO THE ACQUISITION OF ACCESSIBLE INVESTMENTS

7.1 APPLICABLE DISCLOSURE DOCUMENTS HAVE BEEN PROVIDED TO YOU

- a. Subject to clause 7.1(b), we will not, and will ensure that any Custodian acting on our behalf does not, acquire accessible investments for you through the Service unless we reasonably believe that in accordance with the Class Order:
 - i. you have been given an IDPS Guide that would comply with the Class Order if given at the time of the acquisition of the accessible investment;
 - ii. in the case of an acquisition of accessible securities, either:
 - (A) you have been given a copy of the relevant disclosure document for the accessible securities, and we have no reason to believe that the disclosure document is defective as if it was prepared at that time; or
 - (B) the accessible securities could lawfully have been offered and issued or sold (as applicable) to you directly without a disclosure document; and
 - iii. in the case of an acquisition of an accessible financial product, either:
 - (A) you have been given a Product Disclosure Statement for the accessible financial product, and we have no reason to believe the Product Disclosure Statement is defective as if it was prepared at the time of the acquisition; or
 - (B) the accessible financial product could lawfully have been offered and issued or sold (as applicable) to you directly without a Product Disclosure Statement and we have no reason to suspect that a Product Disclosure Statement would have been

required to be given to you if all other holdings of the financial product in custodial arrangements had been issued to the clients (as defined in section 1012IA of the Act) of those arrangements.

- b. Notwithstanding clause 7.1(a), if we are reasonably satisfied that you have been given an IDPS Guide in accordance with the Class Order, we or a Custodian acting on behalf of us may:
 - i. acquire an additional holding of an accessible financial product for you if you already have an existing holding of that accessible financial product through the Service, and:
 - (A) we reasonably believe that you have access to, and know that you have access to, a Product Disclosure Statement for the financial product; and
 - (B) the Product Disclosure Statement you have access to is the most current in use or does not differ from the most current in use in a way that is materially adverse for you; and
 - (C) we have no reason to believe the Product Disclosure Statement you have access to is defective as if it were prepared at the time of the acquisition;
 - ii. acquire an additional holding of an accessible investment for you under a distribution reinvestment plan, if you already have an existing holding of that accessible investment through the Service; or
 - iii. make a regular savings acquisition if:
 - (A) you already have an existing holding of that accessible financial product through the Service; and
 - (B) we have complied with our agreement with you, in relation to the regular savings plan, to give any missing documents.

7.2 USE OF DISCLOSURE DOCUMENTS HAS BEEN AUTHORISED BY THE PRODUCT ISSUER

Except in relation to a rights issue, we will not, and will ensure that any Custodian acting on our behalf does not, acquire accessible investments as part of the Service unless, where a disclosure document or Product Disclosure Statement is prepared for those accessible investments, we are reasonably satisfied that either:

- a. the issuer of the disclosure document or Product Disclosure Statement for the accessible investments has given its prior written agreement to the use of the disclosure document or Product Disclosure

Statement as disclosure to clients or prospective clients of the Service; or

- b. the disclosure document or Product Disclosure Statement indicates that the issuer of the accessible investments authorises the use of the disclosure document or Product Disclosure Statement as disclosure to clients or prospective clients of the Service or to a class of IDPSs that includes the Service.

7.3 MANAGED INVESTMENT SCHEMES

We will not, and will ensure that any Custodian acting on our behalf does not, acquire accessible investments for you as part of the Service that we believe are:

- a. interests in a managed investment scheme that is not a registered scheme; or
- b. interests in a scheme that would be a managed investment scheme but for paragraph (e) of the definition of “managed investment scheme” in section 9 of the Act,

unless, in accordance with the Class Order;

- c. we are reasonably satisfied that if you had invested directly in the scheme, the scheme would not have been required to have been registered; and
- d. so far as we are aware or have reason to suspect, if all interests in the scheme held in custodial arrangements had been held by the clients (as defined in section 1012IA of the Act) of those arrangements, the scheme would not have been required to be registered.

7.4 REQUESTED INFORMATION

We may request information about you from you or your adviser. If neither you nor your adviser supply us with documentation or information we request, we may not be able to make certain accessible investments available to you. For example, we make certain accessible investments only available to clients who can satisfy us that they are a wholesale client.

8. CONTRIBUTIONS AND WITHDRAWALS

8.1 CONTRIBUTIONS TO YOUR ACCOUNT

- a. You may request us to transfer cash and accessible investments to your account as permitted from time to time by us. Upon us receiving specific instructions from you or your adviser requesting the transfer of cash or accessible investments to your account, we:

- i. may, at our discretion, agree to the transfer request, either in whole or in part; and
 - ii. may notify your adviser of whether we have agreed to the transfer request within three business days of receiving the request.
- b. If we agree to transfer cash or accessible investments to your investment portfolio:
 - i. contributions must be made in a way approved by us; and
 - ii. we will ensure that such contributions are credited to your account.

8.2 WITHDRAWALS FROM YOUR ACCOUNT

- a. You may request us to withdraw assets from your account. The request must be made in a way approved by us. Upon us receiving specific instructions from you via your adviser requesting the withdrawal of assets from your account, we:
 - i. may, at our discretion, agree to the withdrawal request either in whole or in part; and
 - ii. may notify your adviser of whether we have agreed to the withdrawal request within three business days of receiving the request.
- b. If we agree to withdraw assets from your account, the withdrawal proceeds will be paid to you within 10 business days, or a longer period determined by us in our discretion due to the time required to realise or transfer the assets.
- c. Any withdrawal proceeds will be directed to the bank account nominated in your application form or in accordance with instructions received by us.
- d. We may deduct from your account or from the proceeds of any withdrawals, any costs, expenses or taxes incurred in connection with processing the withdrawal request.

9. AUTHORISED PERSONS

We may appoint any person to hold title to any assets or perform any act or exercise any discretion in accordance with our powers, discretions and obligations under this agreement. This appointee may be an associate of ours.

10. CUSTODY

- a. Your assets will be held on trust for you by us and/or one or more Custodians nominated by us and in accordance with the Class Order and subject to this agreement. We may appoint and replace one or more Custodians to hold assets on trust for you from time to time. You have an absolute entitlement to your assets subject to the terms of this agreement, and any lien, rights of set off and any other priority rights to which we or any Custodian

may be entitled under any applicable law, custody or security arrangement.

- b. You acknowledge and agree that your monies and the monies of other clients of ours may be combined and deposited by us in a bank account held on trust or clients' segregated account, and held in accordance with Part 7.8 of the Act.
- c. You acknowledge and agree that all monies held on your behalf may be used by us to meet any amount outstanding or owing to us in connection with our acting on your behalf or carrying out your instructions.
- d. We, and any Custodian we appoint, are prohibited from taking or granting a charge, mortgage, lien or other encumbrance over, or in relation to, custodial property held pursuant to this agreement, other than:
 - i. for expenses and outlays made within the terms of this agreement, not including any unpaid fees of the Operator or Custodian (as applicable); or
 - ii. in accordance with your written instructions.
- e. We will provide you with written notice of the identity of, and contact details of, any Custodian appointed by us to hold custodial property held pursuant to this agreement. Except in exceptional circumstances, such notice will be provided before the Custodian commences holding any custodial property on your behalf. For example, exceptional circumstances may include circumstances where HUB24 is required to urgently replace a Custodian due to reputational risks or where the Custodian is likely to become, or has become, insolvent.

11. ADVISER

11.1 ROLE OF YOUR ADVISER

- a. If you have an adviser, you agree that your adviser:
 - i. is not acting for us, or on our behalf;
 - ii. may act on your behalf pursuant to this agreement and your agreement with the adviser, including to give instructions to us; and
 - iii. may receive reports and other communications on your behalf.
- b. You must notify us in writing as soon as practicable after the date of terminating your relationship with any adviser, and provide details of any replacement adviser. We reserve the right to close your account and realise any assets if you do not appoint a replacement adviser within four months from the date of terminating your relationship with an adviser.
- c. You must:

- i. provide your adviser with sufficient and up to date information to ensure your investment strategy is and remains suitable with regard to your relevant personal circumstances; and
- ii. notify your adviser in writing as soon as practicable of any changes to your personal circumstances that may have an impact on the suitability of your investment strategy.

Failure to do this may result in your investment strategy not being suitable for you.

11.2 WARNING — IF YOU DO NOT HAVE AN ADVISER

The Service is designed for use with an adviser. If you do not have an adviser, or cease to retain your adviser, your participation in the Service may be adversely affected. In particular:

- a. If you do not have an adviser, we reserve the right to refuse to accept your application to participate in the Service.
- b. If you no longer have an adviser, we may restrict your ability to transact on your account online. In this circumstance we may instead accept written instructions from you to place transactions on your account. Please note that there may be delays in processing your written instructions (especially during market fluctuations or higher than usual processing volumes) as opposed to placing your transactions online.
- c. If you no longer have an adviser, this may adversely affect the services provided through the Service, and some services may not be available to you at all. For this reason, if you cease to retain your adviser and do not notify us of a replacement adviser, we may terminate your participation in the Service at our discretion.

Further information about these consequences is set out in the IDPS Guide. This clause 11.2 does not apply to wholesale clients.

12. ACCOUNT

- a. Cash and other accessible investments that you contribute under the Service will be credited to your account.
- b. You may be required to keep a minimum balance in certain assets in your account. We may, from time to time, vary the minimum required balances and will notify you of the minimum required balances in the IDPS Guide.
- c. We may at any time, in our discretion, and for any reason and without notice, close or suspend your account so that you may make no further contributions or investments.
- d. Records of:

- i. the assets held through the Service on your behalf; and
- ii. any transactions relating to your account, including how, by whom and when they were authorised,

will be kept and maintained by the Operator on the platform. Such information will be accessible by you or your adviser through the platform.

- e. The Operator will apply verification procedures for the reconciliation and checking of the assets held on your behalf through the Service on an appropriately frequent basis.

13. INVESTMENT STRATEGY

- a. You acknowledge and agree that you or your adviser (and not us):
 - i. prepared your investment strategy, taking into account your relevant personal circumstances; and
 - ii. must review the suitability of your investment strategy to ensure that it remains suitable for you with regard to your relevant personal circumstances.
- b. We may determine not to (for example, due to requirements under the law) or may be unable to comply with the investment strategy in a timely fashion or at all. In such a case we will notify you or your adviser and an amendment to the investment strategy may be required to be agreed between you and your adviser.
- c. We will generally reinvest all income received from a managed portfolio into that managed portfolio unless instructed otherwise by the manager.
- d. If you are an individual investor and you die or become incapacitated, we may suspend all transactions in relation to your account and we may deduct from your account or sell down amounts from your investments as required to pay for fees until your estate is settled or the situation is otherwise resolved to our satisfaction.

14. RESPONSIBILITY FOR PERFORMANCE OF INVESTMENT PORTFOLIO

You acknowledge and agree that:

- a. to the extent permitted by law and the Class Order, we are not responsible nor liable for the performance of your investment portfolio;
- b. we are not in a position to and do not make any opinion as to whether your investment portfolio is appropriate to your objectives, financial situation and needs;
- c. we do not guarantee the performance of any investment made by us as part of the Service;

- d. the assets in your account may be diminished by poor investment performance;
- e. we do not guarantee that orders or transactions placed through the Service with our default broker will always be accepted by our default broker, and we are not responsible or liable for any losses to your investment portfolio as a consequence; and
- f. your investment strategy may not be suitable for you if you have provided to your adviser limited or inaccurate information relating to your relevant personal circumstances, and may cease to be suitable if your relevant personal circumstances change.

15. OTHER ACKNOWLEDGEMENTS

You acknowledge and agree that:

- a. the contents of our FSG, IDPS Guide and your investment strategy or any other documents submitted by your adviser to us in respect of your account are not to be taken as a representation by us that any projections or statements as to investment return or return performance of the investment will be achieved;
- b. we may make disclosures available to you digitally and will notify you when the disclosures are available. You may opt out to this method of delivery; however, this may impact the provision of our service to you;
- c. there may be delays in processing acquisitions, investments, redemptions, sales, transfers, disposals and other transactions in relation to your account, and that we will not be liable for delays caused by third parties, including by your broker or our default broker;
- d. we are not responsible for providing you with, and nothing represented by us should be taken as, tax, accounting, financial or legal advice, or personal advice;
- e. all contributions made by you will be credited to your account as cash, pending receipt by us of instructions from you via your adviser as to how the contributions are to be invested;
- f. you must have sufficient cleared funds available in your bank account to meet each drawing nominated under your direct debit arrangements. If a drawing is unsuccessful, we reserve the right to attempt to redraw at such times as we determine, and may charge you a fee each time we do so. Additionally, your financial institution may charge penalties, fees or charges if you do not have sufficient funds when we unsuccessfully attempt to direct debit such drawings;
- g. we may certify your Australian tax residency status with the Australian Taxation Office (ATO) and submit forms relating to your tax residency status. Where available, we may also claim withholding tax relief

and/or withholding tax refunds under tax treaty arrangements based on your declaration of tax residency and you will not initiate separate tax claims where we have initiated a claim on your behalf;

- h. if you have entered into a margin loan agreement, we are not liable to you in respect of any matters relating to your margin loan or your margin loan agreement;
- i. you will take all reasonable steps to deliver information or documentation to us, or cause information or documentation to be delivered to us concerning the accessible investments which are requested by a person having a right to request such information or documentation, and that we are authorised to produce the information or documentation to the person making the request;
- j. we may collect, use or disclose your personal information provided in the application form for the purposes outlined in the IDPS Guide, including to:
 - i. unless you tell us otherwise, send you marketing information about other products or services that we may offer that we think may be of interest to you;
 - ii. request assistance from a credit reporting agency for the purpose of verifying your identity;
 - iii. verify your identification documents through the Australian Government Document Verification Service;
 - iv. comply with our obligations under anti-money laundering and counter-terrorism financing laws; and
 - v. comply with the requirements of any other laws or the requirements of any Australian or applicable overseas regulatory authority,

or as you may direct or authorise from time to time; and

- k. your agreements, declarations and acknowledgements in your application form are part of this agreement for the benefit of us.

16. INSTRUCTIONS

- a. Your adviser may at any time give us instructions from you in relation to your account and the Service. If you have an adviser, instructions to us must typically be provided by you via your adviser, except with our approval.
- b. Instructions must be given in the manner and form advised (in the IDPS Guide or otherwise) by us from time to time, and must contain all necessary information required by us to enable us to carry out the instructions.

- c. We will have no obligation to act in accordance with any instructions to the extent that we reasonably consider the instructions to be ambiguous or unclear, contain a manifest error, or are in conflict with any applicable law or regulations or local market practice, in which case we will notify your adviser (or you, if you do not have an adviser) accordingly.
- d. Where we receive instructions to dispose of or withdraw an asset from your account, the instructions must specify either that the asset is to be transferred to you or that the asset is to be disposed of and the proceeds paid to you.
- e. Without limiting any other provisions of this agreement and to the extent permitted by law, we will not be liable for any loss arising from:
 - i. incorrect instructions submitted by you, your adviser or by your broker;
 - ii. instructions not submitted in a timely manner;
 - iii. delay in implementing instructions, including as a result of us not being able to or being prevented for a period of time from implementing the instructions, where it is impracticable to make such implementation or if we require clarification of the instructions; or
 - iv. exercising our right to refrain from acting on instructions.
- f. You acknowledge and agree that we may at any time refuse to deal in, or may limit dealings in, any of the accessible investments for you. We are not required to act in accordance with your instructions where doing so would constitute a breach of the Act or other relevant applicable laws or regulatory obligations. We will notify you of any refusal or limitation as soon as practicable if we are not prohibited from notifying you.

17. TRADING IN QUOTED SECURITIES

17.1 GENERAL

- a. If you have an adviser, you acknowledge and agree that instructions to carry out any transactions in respect of quoted securities in your account through the Service will be given to us by your adviser only, pursuant to this agreement and your agreement with your adviser.
- b. You acknowledge and agree that quoted securities acquired and held through the Service (either through your broker or our default broker) are held under our name or our appointed Custodian, but you retain the beneficial ownership of these securities. Given the securities are held in our name or the name of the Custodian, you will not receive any communications relating to corporate actions

from the securities registries unless required by law or the Class Order.

- c. You acknowledge and agree that we act on your behalf in relation to transactions in quoted securities executed by our default broker through the DMT facility or the aggregated trading facility.
- d. You acknowledge and agree that, in relation to transactions in quoted securities and without limiting clause 6 (Funding of accessible investments):
 - i. buy orders may only be accepted by the Service if sufficient cleared funds are available in your account, and sell orders may only be accepted where the particular securities (the subject of the orders) are available in your account outside a managed portfolio;
 - ii. you are liable for all costs, expenses and losses in relation to any of your buy or sell orders, and must have sufficient cleared funds or securities available in your account to cover the amounts required to settle your transactions. You agree to us deducting these amounts or transferring securities from your account to settle your transactions; and
 - iii. when placing orders through the Service you rely on your own skills and judgement, or (when you request your adviser to place orders through the Service), you may rely on the advice of your adviser. In particular, you acknowledge and agree that we do not identify your investment objectives, situation and needs, and do not provide any personal advice to you.
- e. You acknowledge that, in relation to orders which you place with us to enter into transactions in quoted securities:
 - i. each time you place an order through the Service, you warrant that all orders placed and any transactions conducted by you or your adviser are lawful;
 - ii. we may, in circumstances where we reasonably consider that it is appropriate to do so, having regard to our legal and regulatory obligations:
 - (A) refuse to accept instructions from you or your adviser to purchase or sell quoted securities on your behalf;
 - (B) cancel any order received and previously accepted by us;
 - (C) cancel any transaction where we are requested or required to do so by your broker or our default broker; or
 - (D) generally restrict the ability of you or your adviser to execute transactions on your behalf,

and we will notify you or your adviser of any such action as soon as reasonably practicable; and

- iii. your orders may be vetted by the default broker and in some instances, may be rejected or cancelled in accordance with the default broker's own legal and regulatory obligations and policies and procedures.
- f. You acknowledge and agree that any order placed for you using the "good until cancelled" option will remain open until cancelled in accordance with these terms or purged by the relevant market operator. We accept no responsibility for reinstating lapsed orders or for contacting you or your adviser to seek new instructions.
- g. You acknowledge and agree that at our absolute discretion, certain orders may be subject to manual review and entry, which may cause delay in the processing of the order. You acknowledge and agree that the order will be executed at the price available on the ASX or other relevant exchange (subject to any limit imposed by you or your adviser), which may be different from the price at which the financial product is trading when the order was entered into the Service.
- h. You acknowledge and agree that by trading through the aggregated trading facility, your orders will be aggregated, accumulated, and netted, with other orders, and the price of the securities purchased under that arrangement will be on a weighted average price basis.
- i. You authorise and agree to the accumulation and price averaging of two or more market transactions into a single confirmation or trade confirmation.
- j. All quoted securities bought or purchased by you in accordance with these terms shall be subject to a lien for the discharge of any and all indebtedness or any other obligation that you may have to us. You must pay us the costs and expenses of collecting any such indebtedness or debit balances, including but not limited to legal costs and disbursements.
- k. You acknowledge and agree that the Service from time to time receives late reports on the status of transactions. Accordingly, you will be subject to late reports relating to orders that were previously unreported to you or were reported to you as being expired, cancelled or executed. In addition, any reporting or posting error, including in execution prices, will be corrected to reflect what actually occurred in the marketplace.
- l. It is your responsibility to review upon receipt, whether delivered to you by mail, electronic communication or otherwise, all confirmations of transactions and all statements in relation to your account. Transactions and all such information reviewed by you shall be binding if you do not

object, either in writing or by electronic communications, within 48 hours after the confirmation or information is first received. In all cases, we reserve the right to determine the validity of your objections to the transaction, or to the information contained in such statements. Subject to the law, which cannot be excluded by agreement between the parties:

- i. we make no warranties, either express or implied, as to the merchantability and fitness for a particular purpose or otherwise (including as to accuracy, currency, availability and completeness of quality) with respect to the goods or services supplied under these terms, including the services provided under the DMT facility or aggregated trading facility;
- ii. we exclude all liability in contract, tort (including negligence) or otherwise relating to or resulting from use of the DMT facility or aggregated trading facility and for any loss incurred by you directly or indirectly, including (without limitations) as a result of or arising out of:
 - (A) any inaccuracy, error or delay in or omission from any information provided to you through the DMT facility or aggregated trading facility;
 - (B) any delays, failures or inaccuracies in the transmission of the services under the DMT facility or aggregated trading facility transmission of your orders or instructions; or of any other communications;
 - (C) any misinterpretation of your orders or instructions that are unclear, ambiguous, incomplete or not specific;
 - (D) any delay, fault, failure in or loss of access to the DMT facility or aggregated trading facility provided to you or your adviser; or
 - (E) government restriction, exchange or market ruling, suspension of trading, computer or telephone failure, unlawful access to the DMT facility or aggregated trading facility, theft, sabotage, war, earthquake, strikes or other force majeure events, and, without limitation, any other conditions beyond our control.
- iii. in no event shall we be liable in contract, tort (including negligence) or otherwise for any loss of prospective profits or expenses or special, indirect or consequential damages resulting from the use of the goods or services supplied under these terms, including the DMT facility or aggregated trading facility; and
- iv. subject to the law and the Class Order, our liability shall in any event be limited to:

- (A) in the case of goods, the replacement or repair of the goods; and
- (B) in the case of services, the resupply of the services.

17.2 USE OF YOUR BROKER

- a. We may from time to time, at our discretion, provide a facility within the Service through which you can place orders to trade in quoted securities directly with your broker.
- b. We may withdraw authorisation of your broker at our discretion and without notice to you.
- c. If you place orders through your broker, you must have in place a broking agreement with your broker which authorises your broker to place orders to trade quoted securities on your behalf and to provide instructions to us in connection with the settlement of any transactions in quoted securities which the broker executes on your behalf.
- d. In addition to the general terms and conditions relating to your instructions to us as set out in clause 16 (Instructions), the following terms and conditions apply specifically to instructions, orders and transactions in respect of quoted securities executed by or through your broker:
 - i. You authorise us to rely on instructions from any person that we reasonably believe to be your broker, as if we had received those instructions from you directly.
 - ii. You acknowledge and agree that your broker is responsible for the service they provide to you and our role is limited to facilitating the delivery of cash or financial products for settlement of transactions placed by your broker on your behalf.
 - iii. You acknowledge and agree that the Operator has the right to reject or cancel transactions without your consent or prior notice if the transaction does not satisfy our trade acceptance process or might result in a breach of the Act or other relevant applicable laws.
 - iv. You acknowledge and agree that you are liable for any dishonour fees charged by your broker and any other fees or costs passed on to us in connection with a failed transaction. You authorise us to deduct such amounts from your account in the Service on or after such time as those costs are incurred by you or are passed on to us.

17.3 APPLICATION OF RULES

You acknowledge and agree that all orders and transactions in respect of quoted securities, whether placed and executed by your broker or our default broker, are subject to the rules, customs and usages

applicable to the relevant market and clearing and settlement facility, the Act and other applicable laws and regulatory obligations.

18. USE AND ACCESS TO INVESTORHUB

We will give you and your adviser access to InvestorHUB. You agree:

- a. to only use InvestorHUB for purposes directly related to your account and the Service, or as agreed with us;
- b. to keep your login and password details secure and to prevent access to your account by another person (except your adviser), or your authorised representatives, and that you will be responsible for all acts and omissions performed using your login, whether performed by you or any other person;
- c. to notify us immediately if you become aware of any unauthorised access to your account or InvestorHUB;
- d. not to copy, adapt, alter, modify, reproduce, reverse assemble, reverse compile, reverse engineer, tamper with or damage the whole or any part of any code, data, service or software provided in connection with InvestorHUB and the Service, or attempt to do so;
- e. that InvestorHUB may be unavailable or interrupted, or response times may be very slow, that information on InvestorHUB may not be up to date, and that to the extent permitted by law, we will not be liable to you for any resulting loss;
- f. that we retain all rights in InvestorHUB and its contents, and in any software, source code, know how, data, record, document, information, process or methodology (including technical, manufacturing, service and maintenance information) in connection with InvestorHUB and the Service;
- g. to comply with any terms or conditions of access to InvestorHUB we notify to you; and
- h. that we reserve the right to:
 - i. suspend or terminate access to InvestorHUB at any time, without giving reasons; or
 - ii. alter the terms and conditions of access to InvestorHUB at any time, with at least 30 days' notice to you and you agree to be bound by those revisions.

19. INVESTMENT REPORTS AND COMMUNICATIONS

19.1 CONTINUOUS REPORTING

- a. We will give you, at your option, either (or both):
 - i. a quarterly report within one month after the end of each quarter, being the three month period ending on 31 March, 30 June, 30

September and 31 December in each year (quarter day), which contains information required under the Class Order including information about:

- (A) all transactions by you or on your behalf through the Service during the quarter;
 - (B) the quantity and value of assets held by you through the Service, and corresponding liabilities on the quarter day; and
 - (C) your revenue and expenses in relation to the Service and your assets held through the Service during the quarter, or
- ii. electronic access to the following information, by way of InvestorHUB, on a substantially continuous basis (provided we have no reason to doubt you can electronically access this information on a substantially continuous basis):
 - (A) all transactions you have conducted through the Service for a period of at least one year (or such shorter period as your account has been in existence) up to a date no more than 48 hours (excluding hours on a day that is not a business day) before the time of access;
 - (B) the quantity and value of assets held by you through the Service and corresponding liabilities at a time no more than 48 hours (excluding hours on a day that is not a business day) before the time of access, the value of the assets being as current as is reasonably practicable;
 - (C) your revenue and expenses in relation to the Service and your assets held through the Service during a period of at least one year (or such shorter period as your account has been in existence) up to a date no more than 48 hours (excluding hours on a day that is not a business day) before the time of access; and
 - (D) the time at which the information is current.
- b. By signing the application form you agree to obtain information concerning transactions and holdings through the Service electronically instead of receiving a quarterly report.
 - c. We will ensure that:
 - i. the information that is displayed at the end of the quarter remains readily accessible to you through InvestorHUB until the end of the financial year that is after the financial year in which the quarter day falls; and
 - ii. InvestorHUB displays a statement to the effect that only information displayed at the quarter's

end will be considered by the auditor in preparing its annual report relating to the information provided electronically.

- d. The value of assets for the purposes of clauses 19.1(a)(i)(B) and 19.1(a)(ii)(B) will be determined as follows:
 - i. for financial assets (as defined in Accounting Standards AASB 132 Financial Instruments: Presentation) – net market value (being the amount that could be expected to be received from the disposal of the asset in an orderly market after deducting costs expected to be incurred in realising the proceeds of such a disposal); and
 - ii. for all other assets – the value that would be shown in the books of the Service.

19.2 ANNUAL REPORT OF INVESTOR STATEMENTS

Within three months of the end of each financial year, we will give you:

- a. an annual investor statement containing a summary of the transactions by you or on your behalf through the Service during the financial year, containing the particulars that you may reasonably require in relation to the transactions and, if you have been provided with quarterly reports under clause 19.1(a)(i), a statement that you may request a copy of any quarterly report relating to the financial year; and
- b. a copy of the annual audit report for the relevant financial year.

19.3 OTHER COMMUNICATIONS

We will give you a copy of all communications that are required to be given to the holder of an accessible investment (including communications that are required to be given on request) where that accessible investment is required to be held on trust for you by us or any Custodian appointed by us, at your request either in relation to a particular future communication or in relation to a class of future communications. We must give a copy of the communication as soon as practicable after the information is received or otherwise becomes available to be provided to you.

19.4 TAPE RECORDING OF CONVERSATIONS

You acknowledge and agree that to the extent permitted by law, we may record telephone conversations between us and you or your adviser.

If there is a dispute between you and us, you have the right to listen to any recording of those conversations.

19.5 YOUR OBLIGATION TO PROVIDE INFORMATION

If we are required to make available information or documentation concerning the accessible investments to a person having a right to access such information or documentation (including a government agency or the like), you must, following notice by us, take all reasonable steps to deliver such information or documentation to us, or cause such information or documentation to be delivered to us. You authorise us to produce the information or documentation to the person making the request.

19.6 MANNER IN WHICH CUSTODIAL PROPERTY IS HELD

We will acknowledge, on request from you or your adviser, the manner in which custodial property is held through the Service.

20. FEES AND EXPENSES

- a. You must pay to us, and otherwise authorise us to receive, such payments, fees, taxes, charges or other amounts in connection with dealings for you in your investment portfolio (including derivatives) at the rates or amounts determined by us from time to time and notified to you in the IDPS Guide or otherwise in writing.
- b. We will and you authorise us to, debit your account for all fees, taxes, costs and other amounts incurred or payable in connection with your account to the extent that they are properly incurred in providing services in relation to your account.
- c. You acknowledge and agree that persons engaged by us in relation to the Service may charge fees and expenses. Refer to the IDPS Guide for further details.
- d. If:
 - i. you have entered into an arrangement to pay a fee or any other payment to your adviser (or the licensee that employs your adviser); or
 - ii. the IDPS Guide states that a fee or any other payment is payable to your adviser (or the licensee that employs your adviser or the licensee's associates),

from your account in the Service, you authorise us as your agent to deduct these fees or other payments from your account in the Service and to pay them to the adviser or the licensee that employs the adviser (as the case may be).

- e. You authorise us to sell or deduct any assets to pay for any amounts payable under this agreement (including under paragraphs (a), (b), (c) and (e) above) and for the purposes of you maintaining the required minimum cash balance in your account, or rebalancing or reallocating investments in accessible investments in your investment portfolio.

- f. We may be required to sell or deduct any assets for a purpose other than those contemplated in paragraphs (c) and (e) above, in which case we will notify you of that purpose in writing.
- g. To the extent that there are insufficient funds in your account to meet any amount payable under this agreement (including under paragraphs (a), (b), (c), (d) and (e) above), you remain liable for the payment of those monies.
- h. You acknowledge and agree that we may offer differential fees to different investors which may be conditional on various factors (such as the services provided, the costs of servicing particular clients or groups of clients, and agreements with advice licensees). This means that the fees we charge you may be higher or lower than the fees charged to other investors in Rhythm Investment.

21. LIABILITY AND INDEMNITY

21.1 LIABILITY

To the extent legally permitted (including under the Class Order) and subject to the specific provisions of this agreement (including clause 21.3 (Our responsibility)), we are not liable to you, your adviser or any other person for loss of any kind caused by:

- a. our acts or omissions in reliance on:
 - i. our obligations under this agreement;
 - ii. instructions (including, for example, any delay disadvantage or misinterpretation of instructions);
 - iii. the authenticity of any document of any third party including you; or
 - iv. the opinion, advice or information of any manager, data service provider, barrister, solicitor, Custodian, accountant, valuer or other expert instructed by us (**Service Provider**) or any other person,

provided we have no reason to believe the relevant material not to be authentic, the instructions not to be authorised, or the Service Provider not to have the relevant expertise;

- b. any act, omission, neglect or default of you, your adviser or its affiliates, your broker, or any third party instructed by us on your behalf, not being an agent of us, in relation to your account, the Service or other services, including, for example, as a result of any malfunction or disruption of any system or service that the Operator relies on for the provision of the Service, or a default of any financial institution or service provider in relation to or in connection with any transactions;
- c. events or circumstances beyond our reasonable control, including nationalisation, expropriation, currency restrictions, disruption of the normal

procedures and practices of any securities market, acts of war or terrorism, riots, revolution, acts of God, breakdown, failure or malfunction of any telecommunications or computer service or system, closure of any relevant market or other similar events or acts, where the liability could not have been avoided by the exercise of reasonable diligence;

- d. any act or omission required by law or by a court of competent jurisdiction;
- e. any payment having been made to a fiscal authority, including any taxes, stamp duty or government charges;
- f. the insolvency of a Custodian or any other service provider we appoint;
- g. any act or omission of an operator of a securities title, transfer or holding system; or
- h. any other matter.

In any event to the extent permitted by law, we are not liable to you to a greater extent than the assets in your account to which we are entitled and can recover through our right of indemnity in accordance with clause 21.2 (Indemnity).

21.2 INDEMNITY

- a. Subject to clause 21.2(b), and to the maximum extent permitted by law and the Class Order, you agree to indemnify, and hold harmless, us and any of our representatives, and our affiliates and their representatives (each an Indemnified Party) against all loss (whether direct or indirect), incurred by the Indemnified Party under this agreement, including any orders placed by us or any of our representatives for you under your or your adviser's instructions and any loss related to claims from third parties in relation to the Service and your account.
- b. The indemnity in clause 21.2(a) will not apply to the extent such losses were caused by the improper performance of our obligations under this agreement or the gross negligence, wilful default or fraud of us or our agents, employees or officers.
- c. We hold the benefit of the indemnity in clause 21.2(a) on trust for each Indemnified Party.

21.3 OUR RESPONSIBILITY

Notwithstanding any other provision of this agreement (including clause 21.1 (Liability)), we are liable to you if you suffer a loss that is caused by:

- a. a breach of the terms of this agreement relating to the holding of custodial property by us;

- b. a breach by a Custodian of the terms of any custody agreement between us and a Custodian relating to the holding of custodial property; or
- c. a failure by either us or a Custodian to observe reasonable standards generally applied by providers of custodial or depository services for holding custodial property,

except in circumstances where the loss is caused by the insolvency of a Custodian and we have not failed to take reasonable care in engaging and monitoring compliance by that Custodian.

22. TERMS AND TERMINATION

22.1 TERM

This agreement commences on the date of our acceptance of your application form, and will continue until terminated in accordance with clause 22.2 (Termination).

22.2 TERMINATION

This agreement may be terminated by either party providing 14 days' written notice of termination to the other party. We may also terminate this agreement immediately (in which case we will promptly notify you) if:

- a. you become insolvent (including if you are unable to pay your debts when due or do anything that suggests you cannot do so);
- b. you breach this agreement and (if rectification is possible) you fail to rectify the breach within 10 business days following notice by us to you of such breach;
- c. we become aware that your account is being used fraudulently or for money laundering or terrorism financing;
- d. if we become aware that you no longer have an adviser and have not appointed a replacement adviser as required under clause 11.1(b); or
- e. the AFSL authorising us to provide the Service is revoked, cancelled or suspended by ASIC, or varied so that we are not authorised under the AFSL to provide the Service.

On termination of this agreement, you shall pay us all accrued fees, costs and expenses, and we will, subject to any provision to the contrary in this agreement or the IDPS Guide and any lien held by us or a Custodian in relation to the assets, promptly deliver to you all final accounts and reports in relation to your account and transfer to you all property and rights in relation to your account within a reasonable time (generally within 30 business days). During that time we may deal with your account to settle or offset existing obligations. You acknowledge and agree that there may be delays in transferring or disposing of your assets. Termination

does not affect any transaction properly commenced prior to termination, nor any other claim that either party may have against the other.

Termination does not affect your (or our) existing rights and obligations prior to termination.

23. MISCELLANEOUS

23.1 NOTICES

All notices (including instructions) must be in English and given in accordance with the requirements of this agreement, and may be given by a party to the other in writing, by email or facsimile. Communication by telephone or other oral communication will not be considered to be a notice or instruction for the purposes of this agreement and we will have no obligation to act in accordance with that communication unless it is confirmed in the manner prescribed by this agreement.

23.2 AMENDMENTS AND CHANGES

- a. Subject to paragraphs (b) and (d) below, we may vary the terms of this agreement at any time, unless the change has, or is likely to have, a materially adverse effect on you, in which case we will give you at least 30 days' notice.
- b. Without limiting clause 23.2(a), we may vary the terms of this agreement without prior notice to you where such variation is necessary to:
 - i. ensure we meet our ongoing regulatory and legal obligations, including under the Class Order; and/or
 - ii. restore or maintain the security of the Operator's systems or any accounts.
- c. From time to time we may change the services and investment options provided under the Service.
- d. From time to time we may change the regulatory structure of the Service or any part of the Service, including by registering all or part of the Service as a managed investment scheme, by giving you not less than five business days' notice of the change.

23.3 REGULATORY CONTENT

To the extent that the Class Order or applicable laws require this agreement, or the IDPS Guide, or the application form, to contain a particular provision, this agreement, the IDPS Guide, or the application form, will be taken to contain that provision.

23.4 ENTIRE AGREEMENT

This agreement supersedes all earlier conduct by the parties or prior agreement between the parties with respect to its subject matter.

23.5 RELATIONSHIP

To the extent permitted by law, your relationship with us under this agreement is one of independent contracting parties and excludes any fiduciary relationship and any other obligations or duties set out in law or equity.

23.6 SURVIVAL

Clause 20 (Fees and expenses), clause 21 (Liability and indemnity), clause 22.2 (Termination), clause 23 (Miscellaneous), clause 23.9 (Confidentiality) and any other provision of this agreement intended to survive termination of this agreement will continue to apply following termination of this agreement.

23.7 SEVERABILITY

A provision or part thereof of this agreement that is illegal or unenforceable may be severed from this agreement and the remaining provisions or parts thereof continue in full force.

23.8 GOVERNING LAW AND JURISDICTION

This agreement is governed by the laws in force in New South Wales and each party irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New South Wales.

By signing the application form, you agree to the terms of this agreement and the IDPS Guide.

You must only apply for this agreement if you have received and read the FSG and the IDPS Guide.

23.9 CONFIDENTIALITY

The Operator will keep any information of a confidential nature relating to your interest in the Service confidential, other than where disclosure of such information is:

- a. made to a relevant regulator or stock exchange;
- b. permitted or required by law;
- c. authorised by you;
- d. to an affiliate, or our professional advisers; or
- e. necessary to provide you with the Service, or in accordance with the terms of this agreement.

FEES AND OTHER COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the Service.

Tax information is set out in Part I of the IDPS Guide.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Fees and costs for particular accessible investments available through the Service are set out in the relevant product disclosure statement or disclosure document (if any) for the accessible investment and are also set out in the Investment Booklet available at www.ioof.com.au/forms.com.au.

In certain circumstances, where it is reasonable for us to do so, we may alter the fees and costs applied to your super account (subject to law) without your consent. However, before doing so, we will provide you with 30 days' notice of any change. We also have the right to introduce new fees. Unless otherwise stated all the fees and costs shown in this Part II of the PDS are expressed as inclusive of the Goods and Services Tax (GST) and net of any reduced input tax credits (RITCs).

Rhythm Investment		
Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs		
Management fees and costs	Management fees and costs have the following components:	All management fees and costs are paid to the Operator out of your cash account.
The fees and costs for managing your investment	1. Administration fee	The percentage-based administration fee is calculated daily on your total account balance and deducted from your cash account monthly in arrears at the start of the following month.
	The tiered percentage fee and account keeping fee that applies to you will be based on the total balance of your account as detailed below.	
	Tier of account balance	
	First \$100,000	
	Next \$200,000	
	Next \$300,000	
	Next \$600,000	
	Amounts above \$1,200,000	
	Regardless of your total account balance, a maximum of \$1,700 p.a. applies to the tiered percentage fee.	
	PLUS	
	An account keeping fee of \$380 p.a.	The account keeping fee is a dollar-based fee calculated and accrued daily. The fee is charged monthly in arrears and is deducted from your cash account at the end of the month. Where you are only a client for a portion of the month, the account keeping fee will be charged on a pro-rata basis.
		The administration fee (in total) will appear on your cash transaction report as 'Portfolio Service Fees'.
		The amounts comprising the administration fee may be negotiated by your adviser or your adviser's licensee. Refer to 'Adviser and licensee changes' under the heading 'Additional explanation of fees and costs' in this document for further information.

FEES AND OTHER COSTS

Rhythm Investment		
Type of fee or cost	Amount	How and when paid
	<p>2. Cash management fee¹</p> <p>The cash management fee is the amount the Trustee may retain in relation to its cash management activities. It is the difference between the net rate of interest we credit to your cash account and the total interest earned in relation to funds held in your cash account.</p> <p>The cash management fee is estimated to be between 0.90% and 1.20% p.a.</p> <p>However, this may change from time to time if there are changes to the interest earned and/or the cash interest rate in respect of your cash account. For more information please go to ioof.com.au/forms.</p>	The cash management fee is calculated daily on your cash account balance. It is payable monthly in arrears and deducted from the interest received in relation to the cash held in your cash account before interest is credited to your account.
	<p>3. Investment fees and costs</p> <p>The fees and costs charged by us relate only to gaining access to the underlying funds through the Service and do not include the fees and costs that relate to investing in investment options. However, investment fees and costs will apply and the amount of these fees and costs will depend on the investment options selected by you from the Investment Booklet.</p>	Generally calculated daily as a percentage of the amount you have invested in each investment option, such as managed funds or SMAs. It is not deducted directly from your account but is generally incorporated into the unit price of the investment option and is generally charged monthly or quarterly in arrears. The most recent investment fees and costs applied by each fund manager can be obtained from the relevant product disclosure statement for each investment option.
<p>Performance fees</p> <p>Amounts deducted from your investment in relation to the performance of the product</p>	We do not charge performance fees, however a fund manager may charge a performance fee for a particular investment option when the investment return generated by the investment option exceeds a specific criteria or benchmark.	Generally calculated daily as a percentage of the amount you have invested in each investment option. It is not deducted directly from your account but is generally incorporated into the unit price of the investment option and is generally charged monthly or quarterly or annually. The most recent performance fees applied by each fund manager can be obtained from the relevant product disclosure statement for each investment option.
<p>Transaction costs</p> <p>The costs incurred by the Service when buying or selling assets</p>	We do not charge any transaction costs, however transaction costs will apply and the amount of these transaction costs will depend on the investment option selected by you from the Investment Booklet.	Generally included in the unit prices of each investment option. The transaction costs that apply to each investment option can change from time to time. The most recent transaction costs applied by each fund manager can be obtained from the relevant product disclosure statement for each investment option.

¹ The actual amount may vary (i.e. be less) depending on the amount of interest earned on the omnibus accounts held with applicable Australian banks or other authorised deposit taking institutions (ADIs) and the amount of interest payable to you in respect of your cash account. For more information refer to 'Cash management fee' under the heading 'Additional explanation of fees and costs' in this document.

FEES AND OTHER COSTS

Rhythm Investment		
Type of fee or cost	Amount	How and when paid
Member activity related fees and costs (fees for services or when your money moves in or out of the Service)²		
Establishment fee The fee to open your investment	Nil	N/A
Contribution fee The fee on each amount contributed to your investment	Nil	N/A
Buy-sell spread An amount deducted from your investment representing costs incurred in transactions by the Service	Nil ³	N/A
Withdrawal fee The fee on each amount you take out of your investment	Nil ³	N/A
Exit fee The fee to close your investment	Nil ³	N/A
Switching fee The fee for changing investment options	Nil ³	N/A

² Other service fees apply, such as advice fees or special request fees. Refer to 'Additional explanation of fees and costs' in this document for further information about the range of service fees applicable depending on how you use the Service to invest.

³ Transaction fees may apply if selling your investments is required to close your account in the Service. Refer to 'Transaction fees' under the heading 'Additional explanation of fees and costs' in this document for further information.

FEES AND OTHER COSTS

Example of annual fees and costs for a balanced investment option

This table gives an example of how the ongoing annual fees and costs in a balanced investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other investor directed portfolio service products.

EXAMPLE - the IOOF MultiSeries 70 ¹		Balance of \$50,000 ² with a contribution of \$5,000 ³ during year.
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
PLUS	Tiered percentage fee: 0.25% +	And , for the \$50,000 you have in the IOOF MultiSeries 70 you will be charged or have deducted from your investment \$509.50 each year
Management fees and costs	Account keeping fee: \$380 +	
	Cash management fee: 1.20% on the amount in your cash account	
PLUS	Nil	And , you will be charged or have deducted from your investment \$0 in performance fees each year
Performance fees		
PLUS	Nil	And , you will be charged or have deducted from your investment \$0 in transaction costs
Transaction costs		
EQUALS Cost of IOOF MultiSeries 70		<p>If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of:</p> <p style="text-align: right;">\$509.50*</p> <p>What it costs you will depend on the investment option you choose and the fees you negotiate.</p>

¹ The fees and other costs shown in this example are for the Service. Fees and other costs charged within the IOOF MultiSeries 70 are not included in this example. Refer to the current product disclosure statement for the IOOF MultiSeries 70 for more information about these fees and other costs.

² This example assumes \$49,625 is invested in the IOOF MultiSeries 70 and \$375 is held in cash account to maintain the minimum cash balance of 0.75%. A cash management fee applies in relation amounts held in the cash account. Refer to 'Cash management fee' under the heading 'Additional explanation of fees and costs' for more information.

³ The \$5,000 contribution is assumed to take place at the end of the financial year for the purposes of this example.

* Additional fees may apply, for example, adviser fees and transaction fees. Refer to 'Additional explanation of fees and costs' in this document for further information.

Important Note: The fees and costs charged by the Service relate to the Service and access to the accessible investments made available through the Service, and do not include the fees and costs that relate to investing in the accessible investment, for example, investment management fees and performance fees (if any). Additional fees and costs will be charged by the issuers of the accessible investments that you choose to invest in through the Service. Refer to the 'How do the fees for the product and the underlying investments work?' further in this document to see the cumulative effect of the fees and costs of your investments, taking into account the fees of the Service and the fees and costs of the investments you select.

FEES AND OTHER COSTS

Additional explanation of fees and costs

Fees when investing via an MDA service

You may agree with your MDA service provider to pay the following fees from your cash account. You must provide your authorisation to deduct the agreed amount.

Type of fee or cost	Amount	How and when paid
Portfolio Management Fee	<p>You may agree to pay a portfolio management fee to your MDA service provider for the MDA service.</p> <p>Refer to your MDA Investor Agreement for information on the fee amounts applicable.</p>	<p>Where you have provided consent to the payment of a portfolio management fee this fee is calculated daily as a percentage of the value of the relevant MDA investments and is deducted from your cash account monthly in arrears.</p> <p>This fee will appear on your cash transaction report as a Portfolio Management Fee.</p>

The fees you pay for advice and other related services provided to you

You can agree with your adviser to pay the fees described in the following table to your adviser, or the licensee that employs your adviser or the licensee's associates. These fees are paid out of your cash account by the Operator as agent for you.

Where you do agree with your adviser to pay the fee(s) from your account, the fee must be:

- consented to by you in writing or online, and
- of a reasonable amount for the advice and related services provided to you.

Where applicable, the actual amounts that will be deducted from your cash account may be adjusted for RITCs that may be claimed in respect of these fees and may therefore be less than the amounts you specify on the relevant form.

These fees are not earned by the Operator. Further information about some of the fees in this table is set out below.

The Operator, at its discretion, may limit, reduce or reject the fee amount and may also seek clarification from you and your adviser on the services being provided.

Type of fee or cost	Amount	How and when paid
Advice implementation fee (initial and ongoing)¹	<p>You may agree with your adviser to pay an initial advice implementation fee, an ongoing advice implementation fee or a combination of the two. This fee is for advice and other related services provided to you in relation to the implementation of your account(s). The amount payable is agreed between you and your adviser.</p> <p>The advice implementation fee may be specified as a percentage and/or dollar-based fee.</p> <p>The initial advice implementation fee (including zero amounts or where a fee is not specified) will generally apply to all deposits received within 60 days of your account being activated.</p> <p>The ongoing advice implementation fee will apply to all deposits received from the start date specified on the application form. If you do not specify a start date on the application form, then the default date is 60 days after your account is activated.</p> <p>An advice implementation fee may be charged on your initial cash or in specie investment amounts (based on the market value of the relevant investments), and any subsequent investment.</p>	The advice implementation fee is deducted from your cash account when the investment is received and paid to your adviser or your adviser's licensee at the end of that month.
Adviser service fee¹	<p>You may agree with your adviser to pay an Adviser service fee for advice and other related services provided to you in relation to your account(s). The amount payable is agreed between you and your adviser.</p> <p>An Adviser service fee may be specified as one of the following:</p> <ol style="list-style-type: none"> 1 Fixed % amount p.a. 2 Tiered % amount p.a. 3 Fixed \$ amount p.a. 4 Combination of fixed % or tiered % p.a. and fixed \$ amount p.a. 	The adviser service fee can be an ongoing fee or a fixed term fee of up to 12 months and is calculated daily on your total account balance (unless otherwise agreed with your adviser) and paid to your adviser or your adviser's licensee from your cash account monthly in arrears.

FEES AND OTHER COSTS

Type of fee or cost	Amount	How and when paid
One-off advice fee	You may agree with your adviser to pay a one-off advice fee for advice and other related services provided to you in relation to your account(s). The one-off advice fee is a dollar-based fee. The amount payable is agreed between you and your adviser.	The one-off advice fee is deducted from your cash account at the time a request for deduction of the fee is processed and, paid to your adviser or your adviser's licensee at the end of that month.
Adviser Brokerage¹	Where allowed under the law, brokerage can be charged by your adviser when you invest directly in Australian listed securities. You may agree with your adviser to pay brokerage for listed securities based on the value of any shares bought and sold. The amount payable is agreed between you and your adviser.	Adviser brokerage can be an ongoing fee or a fixed term fee of up to 12 months. Adviser brokerage is deducted from your cash account at the time of settlement as part of the total cost (for buy trades) or net proceeds (for sell trades) and paid to your adviser or your adviser's licensee at the end of the month.
Portfolio management fee¹	You may agree with your adviser to pay a portfolio management fee for: <ul style="list-style-type: none"> advice and other related services such as advice on investment selection, investment monitoring and advice, set-up and maintenance of your investments and ongoing advice on your investment strategy in relation to the Service. The amount payable is agreed between you and your adviser. The portfolio management fee may be specified as one of the following: <ol style="list-style-type: none"> Fixed % amount p.a. Tiered % amount p.a. Fixed \$ amount p.a. Combination of fixed % or tiered % p.a. and fixed \$ amount p.a. 	The portfolio management fee can be an ongoing fee or a fixed term fee of up to 12 months and is calculated daily on your total account balance and paid to your adviser or your adviser's licensee from your cash account monthly in arrears. Where you have agreed a percentage-based fee it will be calculated daily as a percentage of the total value of the investments you hold within your account.

¹ If you are a retail client and your account contains borrowed amounts, we will not pay adviser service fees, advice implementation fees, adviser brokerage fees or portfolio management fees (other than those that relate to the MDA or to wholesale clients) that are asset-based (i.e. calculated as a percentage of your total account balance).

If you have any questions about the advice or services received for these fees, your financial adviser is best placed to assist you with these. You can also view how much you are paying in adviser fees on the regular statements we send you or you can contact us or your financial adviser directly.

Ongoing Adviser service fee consent requirements

Your consent to deduct any fees payable on an ongoing basis to your financial adviser must be renewed annually through your financial adviser. If you do not renew your consent, these fees will expire.

You can also enter into fixed-term fee arrangements with your adviser and provide your consent to deduct fees for a period of up to 12 months.

You can also vary or revoke your consent in writing at any time, either through your adviser or by contacting us directly. Should you wish to revoke your consent to the deduction of any fees, please contact us and/or your adviser to terminate the fee arrangement. Note this will prevent any further deduction of advice fees from your account after the consent has been revoked but does not reverse any fees paid before revocation.

FEES AND OTHER COSTS

Transaction fees

The fees in this table are payable to the Operator and, to the extent necessary, are applied by the Operator to pay any underlying service provider (e.g. to pay for brokerage and other transactional and operational costs). The Operator retains any balance of the fees paid to it which are not used to pay an underlying service provider. Fees will only be incurred where the relevant transaction instruction is provided. Further information about some of the fees in this table is set out below.

Type of fee or cost	Transaction method	Amount	How and when paid
Transacting within a managed portfolio (including MDA)	Managed fund trades within a managed portfolio	Nil	N/A.
	Australian listed security trades within a managed portfolio ¹	Brokerage of 0.11% of the trade value. No minimum applies.	Brokerage is deducted from the cash within your managed portfolio at the time of settlement as part of the total cost (for buy trades) or net proceeds (for sell trades).
Managed fund transaction fees	Via aggregated trading ²	Nil	Transaction fees (if applicable) are deducted from your cash account at the time of settlement in addition to any trade costs.
	Trades within the automatic investment plan and/or automatic investment drawdown	Nil	
	In specie transfers	Transaction fee of up to \$38.50 per managed fund for in specie transfer out.	

¹ If a portfolio manager trades listed securities within a managed portfolio using a broker other than our default broker, additional brokerage and transaction fees may be incurred. For example, these trades may incur additional brokerage as agreed between the portfolio manager and the other broker or transaction fees as agreed between the portfolio manager and the Operator. For information on what additional brokerage and/or transaction fees that may apply speak to your financial adviser.

² Excludes those trades within a managed portfolio (including MDA).

FEES AND OTHER COSTS

Type of fee or cost	Transaction method	Amount	How and when paid
Australian listed securities transaction fees ¹	Via aggregated trading ²	Brokerage of 0.11% of the trade value, subject to a minimum fee of \$11.	Brokerage is deducted from your cash account at the time of settlement as part of the total cost (for buy trades) or net proceeds (for sell trades).
	Direct market trading	Brokerage of 0.11% of the trade value, subject to a minimum of \$22.	
	Trading through your broker	Brokerage is made up of a brokerage fee agreed between you and your broker, plus an additional transaction fee of \$22 ³ charged by the Operator.	
	Trades within the automatic investment plan and/or automatic investment drawdown	Brokerage of 0.11% of the trade value. No minimum applies.	
	Corporate actions ⁴	Transaction fee of up to 0.11% of the transaction amount.	Transaction fees are deducted from your cash account at the time of settlement in addition to any transaction costs.
	In specie transfers	Transaction fee of up to \$27.50 per security for in specie transfer out.	
Term deposit transaction fees	Via aggregated trading	Nil.	N/A
	Withdrawing a term deposit before maturity	A break fee of \$55 per term deposit will be charged when a term deposit is broken before maturity, on your instruction through your adviser. Additional fees or interest penalties may be charged by the underlying term deposit provider. ⁵ Refer to the relevant term deposit disclosure document for more information.	The break fee is deducted from your cash account at or around the time you break the term deposit.

¹ Transacting in certain Australian listed securities may incur additional costs (for example, stamp duties or commissions) which will generally be deducted from your account at the time they are incurred. Refer to 'Australian listed securities transaction fees' below for more information.

² Excludes those trades within a managed portfolio (including MDA).

³ This fee shown is inclusive of GST only. It reflects the actual amount payable by you. If eligible, the Operator will claim the benefit of Reduced Input Tax Credits (RITCs) on behalf of the Service.

⁴ The fee for corporate actions will apply when you participate in corporate actions through the Service that require settlement from your cash account. Corporate actions include, but are not limited to, initial public offerings, rights issues, share purchase plans, exercising of options, buy backs and takeovers.

⁵ The break fees or costs or interest penalties (if any) that may be charged by the underlying term deposit provider may be significant and therefore are a risk to be considered in deciding whether to withdraw a term deposit before its maturity. The underlying term deposit provider may provide an estimate of break fees or costs or interest penalties upon request. Refer to the relevant term deposit disclosure document for more information.

FEES AND OTHER COSTS

Other fees

The fees in the following table are payable to the Operator, and are payable out of the cash account. Fees will be incurred only when you engage in the relevant transaction. Further information about some of the fees in this table is set out below.

Type of fee or cost	Amount	How and when paid
Reconstruction fee	If we are required to reconstruct a CGT parcel history for in specie investment transfers, a fee may be charged at \$110 per hour.	The fee is deducted from your cash account at the time a revision of the CGT parcel history is carried out.
Dishonour fee	A fee of \$55 may be charged if a payment is dishonoured.	Any fees relating to dishonoured payments will be deducted from your cash account at or around the time the dishonour occurs.
Negative cash account fee	The amount of the fee is equal to the interest rate applicable on positive cash account balances.	The negative cash account fee is calculated daily on your negative cash account balance. It is payable monthly in arrears and deducted from the interest received in relation to the cash held in your cash account before interest (if any) is credited to your account, or potentially from the cash held in your cash account where necessary, or potentially from the cash held in your cash account where necessary.

EXPLANATIONS OF PARTICULAR FEES AND COSTS

The following section provides further information on management fees and costs and other fees and costs.

Administration fee

The Administration fee (tiered percentage-based and account keeping) is a fee that relates to the administration or costs of operating and maintaining the Service, such as, but not limited to, the ongoing administrative activities in relation to your account, annual audit, legal and compliance, and tax consulting fees, access to technology for managing your account, online access to up-to-date account information and consolidated reporting. The Administration fee excludes any advice fees, the fees and costs charged by the fund managers for each managed investment and the cash management fee.

Cash management fee

We invest money credited to the cash account of all investors in omnibus cash accounts held with Australian banks or other authorised deposit-taking institutions (ADIs) we select from time to time.

The rate of interest payable in respect of your cash account may change from time to time and can be found on InvestorHUB (for cash in Australian dollars), by contacting HUB24 on 1300 319 363 or by contacting your financial adviser.

Expense recovery

An additional amount may be deducted from your account to cover expenses properly incurred by the Operator. The Operator is entitled to reimbursement for certain out-of-pocket expenses from the Service. If incurred, these expenses may be deducted from time to time from your cash account. The Operator is entitled to recover previously unrecovered expenses, as well as ongoing expenses, as they are incurred.

The expenses that can be recovered include government levies, the costs of complying with legislative requirements and other fees and costs properly incurred by or on behalf of the Operator (including by service providers) in the administration of the Service, in accordance with the IDPS Contract and any relevant law.

Family group fee discount

Family Groups (you and relevant members of your family) may be eligible for a fee discount in respect of the tiered percentage fee component of the Administration fee (shown in the table on page 2 of this Part II of the IDPS Guide) where each member of the Family Group has the same adviser.

This discount is achieved by linking the accounts of the Family Group and then applying the relevant tiered percentage Administration fee to the combined value of those accounts. Combining the value of the Family Group accounts can (but won't always) result in a lower overall Administration fee. Any lower Administration fee is applied proportionately to each Family Group account.

If there are a combination of Rhythm Investment and Rhythm Super account(s) within the Family Group, then the relevant tiered percentage Administration fee is calculated as if all accounts were in Rhythm Investment and then a similar calculation is carried out as if all accounts were in Rhythm Super.

The Administration fee is then applied proportionately based on the aggregate holdings in Rhythm Investment and Rhythm Super, and then proportionately to each Rhythm Investment and Rhythm Super Family Group account.

Each eligible Family Group account will still be subject to the account keeping fee (if applicable) and the maximum Administration fee shown in the tables on page 2 of this Part II of the IDPS Guide.

A Family Group can be set up through your adviser by completing a 'Group Fee Discounting' form and nominating the accounts to be combined into a Family Group for the purpose of calculating the Administration fees. Please speak to your adviser about setting up a Family Group.

In order to be eligible for a Family Group fee discount, there must be a minimum of two linked accounts and all accounts within the Family Group must have the same adviser and one of the following relationships to the primary account holder:

FEES AND OTHER COSTS

- immediate family members, such as spouse, defacto/ domestic partner, child (including an adopted child, a stepchild or ex-nuptial child), parent, sibling and grandchild;
- for companies, family trusts, and self-managed superannuation funds – the directors and beneficiaries must be members of the same immediate family as described in the dot point above.

All accounts held in the name of the primary account holder may also be included in the Family Group.

A Family Group can comprise a maximum number of six (6) accounts, unless otherwise approved by us.

The Operator may, at its discretion, reject a request to establish a Family Group or cancel the linking of Family Group accounts. For example, because you are no longer part of the relevant Family Group. Also, where you or any other member of a Family Group changes adviser, you or they will cease to be eligible for the Family Group discount that applies to that Family Group. In this case, the Administration fees will immediately revert to the standard fees shown in the table on page 2 of this Part II of the IDPS Guide. You may wish to speak with your new adviser about whether a new Family Group can be established.

The Family Group fee discount may not apply for Family Group accounts with a combined account balance of more than \$10m, but may be individually negotiated based on the nature of your investments. In this case, please speak with your adviser.

Adviser brokerage

Where allowed under the law, brokerage can be charged by your adviser when you invest directly into Australian securities (excluding trades within a managed portfolio). The charge varies and is agreed between you and your adviser.

Australian listed securities transaction fees

Brokerage is associated with buying and selling Australian listed securities that are accessible through the Service. In addition, trading certain Australian listed securities may incur additional charges (for example stamp duties, taxes, fees or commission) which we will pass on to you and which are generally deducted from your account at the time they are incurred.

A manager may trade some or all of the securities held within managed portfolios through your broker. These trades may incur additional brokerage as agreed between the manager and the broker. Please refer to your broker for additional brokerage costs, if applicable.

The amounts set out in this 'Australian listed securities transaction fees' sub-section are an additional cost to the investor.

Buy-sell spread for managed funds

The Operator does not charge a fee in the form of buy/sell spreads to recover transaction costs incurred by the Operator in relation to the sale and purchase of assets of the Service.

However, buy/sell spreads may apply to investments in managed funds that are available through the Service, which reflect the different price between buying and selling units disclosed by some investment managers. The buy/sell spreads for managed funds vary. This difference is a charge by the investment manager generally to cover transaction costs incurred by the managed fund in buying and selling units in the investment product, and is taken into account in the calculation of unit prices by the

managed fund. Buy/sell spreads are an additional cost to the investor. You should refer to the relevant managed fund product disclosure statement available from InvestorHUB or your adviser for more information.

Netting managed fund transactions

When carrying out a managed fund transaction, the Administrator may offset your instructions to buy or sell assets against both your and other investors' instructions to buy or sell those assets, so that only net transactions are acted on. This process is known as 'netting'.

The Administrator may retain any benefit that may be secured from the netting of managed fund transactions. These may include the fees and costs that would have applied had the transaction been processed without netting.

Dishonour fee

A fee may be charged for any dishonoured payments. Please note your financial institution may also charge you a dishonour fee.

Fees and costs relating to underlying investments

Fees and costs may apply for underlying investments that you access through the Service (including investments held as part of a managed portfolio), for example, managed funds, Exchange Traded Funds (ETFs), Exchange Traded Products (ETPs), Listed Investment Companies (LICs).

These fees and costs are in addition to those shown in the table above. Refer to the disclosure document for the relevant investments (where applicable) for more information.

The fees and costs when you choose to invest in a managed fund, ETF, ETP, LIC (including when these investments are held as part of a managed portfolio) are typically deducted from the value of the investment before the unit price is calculated.

The Operator or the Administrator is often able to obtain wholesale fund fee rates, which are generally lower than the fee rates applicable for direct investment into retail managed funds. A fund manager may provide a rebate of the fees and costs associated with your investment in a managed fund. Generally, these rebates are returned to you in full and will typically be paid into your cash account. Your entitlement to any rebate is determined by the fund manager, however, where you have closed your account prior to the processing of a rebate, you will not be entitled to that rebate.

Given the number of investment options available, and the fact that they change from time to time, the investment costs for each underlying investment including investments within managed portfolios are not included in this document. More details are available in the relevant disclosure document for each underlying investment option and can be obtained from your adviser. These fees and costs may be subject to change as determined by the relevant fund manager.

Performance related costs may also be incurred in relation to the selected managed funds and other investments that can be accessed through the Service and that form part of your investment strategy. These costs represent fees charged by the relevant fund manager where certain performance targets are met. Performance related costs are usually calculated as a percentage of any 'out-performance' above the relevant target. Performance related costs in respect of underlying investments may increase the management fees and costs applicable to managed funds, that may be accessed through the Service but do not affect administration fees or other fees charged to investors by the Operator.

FEES AND OTHER COSTS

Fees and costs in relation to underlying investments available through the Service are in addition to the fees and costs described in this IDPS Guide and are set out in the relevant product disclosure statement or disclosure documents (where relevant) for those investments. It is important that you consider these fees and discuss them with your adviser before making any investment decisions.

Fees when you invest in a managed portfolio

The type of fees you pay for investing in managed portfolios will be set out in the relevant product disclosure statement for each managed portfolio. Managed portfolios may charge an investment management fee (including, if applicable, an investment performance fee).

Typically, fees when you invest in a managed portfolio are in addition to any costs of managed funds, Exchange Traded Funds (ETFs), Exchange Traded Products (ETPs) or LICs/LITs held within a managed portfolio. Refer to the disclosure document for the relevant investment for a description of the fees and costs applicable to that investment.

Given the number of managed portfolios available, and the fact that they change from time to time, the specific fees (including who it is payable to) for each managed portfolio are not included in this document. These details are available in the relevant product disclosure statement for each managed portfolio and can be obtained from the product website shown on the front cover or your adviser.

Managed portfolio related fees and costs

Investment management and performance fees may be charged in relation to the managed portfolios forming part of your investment strategy. These fees are deducted from your cash account monthly in arrears rather than from the relevant non-unitised and registered managed investment scheme where such managed portfolios are available (Scheme).

Where amounts are owed to a Scheme or a Responsible Entity (RE) of a Scheme (for example because your investment in a managed portfolio has gone into negative balance) you are also taken to have authorised the Operator to deal with your accessible investments (for example monies held in your cash account and other securities) including acquiring, investing in, redeeming, selling, transferring or otherwise disposing of those accessible investments without specific instructions from you to fund those obligations in relation to any of your managed portfolio investments in a Scheme. If payment from your cash account is not possible, these amounts may be paid from the relevant Scheme.

All other fees and costs (such as government fees, bank fees, fees for failed transactions and penalty interest) incurred as a result of a transaction, deposit or withdrawal relating to your investment in a managed portfolio, will be passed on to you and may be payable out of the cash allocation of the relevant managed portfolio. These are incidental fees and costs that are not included in management fees and costs, performance fees or transaction costs outlined in the relevant managed portfolio product disclosure statement.

Reconstruction fee

A fee of \$110 per hour may be charged by us if we are required to re-construct a CGT parcel history in respect of any in specie investment transfers.

Other payments and information

Payments received from other parties

Where permitted by law, we (in our corporate capacity) may receive and retain payments from product issuers of certain investment options for providing investment and administrative services. The payment amount is negotiated by us with each product issuer. These payments come from each product issuer's own resources and they are not an additional cost to you.

Payment of fees on your behalf

Where permitted by law, the Operator may enter into an agreement with your adviser, or your adviser's licensee, or another third party for your adviser's licensee or another third party to pay some or all of your fees on your behalf. This amount may vary depending on the agreement you have with your adviser and the agreement between the Operator and your adviser's licensee. Where this occurs, the Operator will reduce the relevant fees paid by you as agreed, or not charge them at all (as applicable). Your adviser can provide you with further information about any such arrangement.

MDA service provider fees

Where permitted by law, the Administrator may receive the following payments from the MDA service provider for access to the MDA Facility available through the Service:

- Service fees of up to \$10,000 p.a. per MDA investment, plus
- Up to 0.15% p.a. on the total amount of funds we have invested under each MDA investment.

The amount of these payments may increase from time to time and may be subject to indexation.

These service fees relate to the services that the Administrator provides to the MDA service provider when using the MDA Facility. Please refer to Part I of the IDPS Guide – Managed Discretionary Accounts (MDAs) for more information.

These MDA service provider fees are paid to the Administrator from the MDA service providers own resources and are not an additional cost to you.

Tax

Unless otherwise stated all the fees and costs shown in this Part II of the IDPS Guide are expressed as inclusive of GST and net of any RITCs.

In the event of any change in tax laws or their interpretation which affects the rate of GST payable or RITCs that the Service may receive, the amounts deducted from your cash account in respect of the fees and other costs applied to your account may be varied or adjusted to reflect such changes without your consent or further notice to you.

Refer to Section 9 'Tax' in Part I of the IDPS Guide.

Insurance costs

If you access insurance through the Service, the costs associated with the insurance policy will be deducted directly from your cash account on the basis agreed with the insurer. Costs may be adjusted for any changes to your cover during a financial year.

Where other government charges such as stamp duty apply, we will charge your account directly. For example, stamp duty may apply to insurance premiums for income protection cover.

FEES AND OTHER COSTS

For more information, refer to Section 7 'Other Services' in Part I of the IDPS Guide

Alternative forms of remuneration

From time to time and subject to applicable law, there may be other direct or indirect benefits that the Operator may receive from providers of some of the financial products available through the Service. The Operator may also be entitled to remuneration from financial institutions (including banks, fund managers, portfolio managers and insurers) whose financial products are available through the Service. We record any alternative forms of remuneration we receive in a register and you may request details of these forms of remuneration.

Variation of fees

The fees and costs set out in this document may change from time to time. The Operator may vary the fees and costs set out in this document without your consent. We will give you at least 30 days' advance notice of any fee increase. If a change to fees and costs occurs that is not materially adverse to investors, we may update this IDPS Guide by publishing the updated information on the website shown on the front cover of this document. Otherwise, we will issue a supplementary or revised IDPS Guide. You can obtain updated information or any supplementary or revised IDPS Guide by asking your adviser or visiting the product website, ioof.com.au/forms. You should regularly check our website to ensure that you have the most up to date information. You may request a printed or electronic copy of any updated information by requesting this from your adviser or by contacting the Operator.

We may individually negotiate fees with investors classed as wholesale clients on the basis of the value of their investments.

Fees paid to other parties

We have appointed HUB24 as Administrator and custodian to provide administration and custodial services to the Service. We pay HUB24 a fee for these services, however this fee is not an additional fee to you as it is paid out of our Administration fee.

Adviser and licensee changes

Fees and costs set out in the 'Fees and other costs' table are generally not negotiable by you. However, your adviser or the holder of the AFSL (Licensee) that your adviser operates under may, from time to time, negotiate the fees and other costs that apply to your account. The nature and amount of any variation depends on the arrangement between us, your adviser and your adviser's Licensee. Your adviser can provide you with further information about any such arrangement. Where you leave your adviser or your adviser leaves their Licensee, the fees and other costs that apply may change and you may revert to the fees and other costs described in this Part II of this IDPS Guide. Notice of any such change will be given to you as required by law.

FEES AND OTHER COSTS

How do the fees for Rhythm Investment and the underlying investments work?

The following examples illustrate how the total fees and costs incurred can vary depending on the investments you choose when investing through the Service. The examples are based on the fees and costs applicable during the first year of investment in the applicable investments made through the Service.

These examples are illustrative only. The actual fees and costs you pay will vary depending on factors such as the investments chosen, the nature and number of transactions on your account and the adviser fees you negotiate and agree with your adviser.

Unless otherwise stated all amounts shown are in Australian dollars and are inclusive of GST and net of Reduced Input Tax Credit (RITC).

This is an example of the fees and costs you may incur over a 1 year period and assumes an average account balance of \$250,000.

You invest \$250,000 and select the following investments:		\$120,000		In a managed portfolio ¹	
		\$50,000		In a managed fund ²	
		\$20,000		In a term deposit	
		\$50,000		In Australian listed securities	
		\$10,000		Cash account balance	
		\$250,000			
Type of fee or cost		Calculation			Amount of fees and costs
Management fees and costs					
Percentage-based tiered administration fee (first \$100,000)		0.25%	x	\$100,000	\$250
Percentage-based tiered administration fee (\$100,001 to \$250,000)		0.20%	x	\$150,000	\$300
Account keeping fee		1	x	\$380	\$380
Cash management fee		1.20%	x	\$10,000	\$120
		Management fees and costs			\$1,050
Fees and costs relating to underlying investments					
Managed portfolio - Investment management fee		0.19%	x	\$120,000	\$228
Managed portfolio - Investment performance fee		0.00%	x	\$120,000	\$0
Managed portfolio - Underlying fees and transaction costs		0.31%	x	\$120,000	\$372
Managed fund - Investment management fee		0.50%	x	\$50,000	\$250
Managed fund - Underlying transaction costs		0.07%	x	\$50,000	\$35
Fees and costs relating to underlying investments					\$885
Transaction fees ³					
Transacting within a managed portfolio - Australian listed securities		0.11%	x	\$120,000	\$132
Transacting within a managed portfolio - via aggregated trading (per trade)		\$0			\$0
Transacting in term deposits - per trade		\$0			\$0
Transacting in Australian listed securities - via aggregated trading		0.11%	x	\$50,000	\$55
		Transaction fees			\$187
		Total fee amount ⁴			\$2,122
0.85% p.a. of your account					

Unless otherwise stated this example does not include other adviser fees that may apply to your account. You may agree to pay fees to your adviser or your advisers licensee, which will be deducted from your cash account. Fees payable to your adviser will be disclosed to you in a Statement of Advice (SOA).

¹ The Managed Portfolio used for the purpose of this example is the iShares Enhanced Strategic Balanced Portfolio.

² The Managed fund used for the purpose of this example is IOOF MultiSeries 70.

³ The transaction fees in this example are based on the fees associated with the initial investment into the investment options chosen and do not contemplate further investments or transactions.

⁴ This example does not represent the actual fees and costs that you will pay. Other fees and costs may be payable on your account, and will vary depending on your total account balance, the investments you hold and balance of the investment options you select, fees for underlying investments that you access (including investments held as part of managed portfolios and the weightings of those investments), and the number of times you transact. Fees will also apply where you access insurance options.
